CITY OF FOND DU LAC - Memorandum

To: City Council

From: Joseph P. Moore, City Manager

Date: August 25, 2023

Subject: Budget Communications – 2024 Proposed Budget

Our city's budget for 2024, as summarized in this memo and further detailed in the attachments

- is balanced,
- supports our varied missions,
- conserves financial resources, and
- protects our bond rating.

Here are some achievements and benchmarks or recent successes to keep in mind:

- Labor agreements in place with Fire, Police and Transit through 2025
- Wastewater Treatment & Resource Recovery Facility awarded Department of Natural Resources Facility of the Year
- Accredited Police Department & Fire/Rescue Department
- ISO Rating 1
 - Of the 39,850 Public Protection Classification issued by the Insurance Services Office only a scant 388 were rated 1, the most elite rating.
- Certificate of Achievement for Excellence in Financial Reporting
- Equalized value increase of 13%
- Net new construction over \$45.5 million, an increase of 1.23%
- TID Increment value \$126 million, a growth of 14%
- Equalized value tax rate reduction of 7.4%
- Just a 1.9% increase in expenditures when inflation is running well above that
- State passage of historic Act 12 legislation that increases state shared revenues to municipalities

Importantly, reviews of our financial management, by both external auditors and by bond rating agencies, confirm the soundness of our internal controls and our long term financial creditworthiness. This budget focuses on the requirement to operate within state and local constraints while meeting the needs of our citizens and positioning the City for a sound financial future.

The labor force continues to be a challenge as we move forward post-pandemic. Local unemployment in 2023 remained historically low throughout the year, ranging from between 1.9% and 3% throughout the year. Employers of all sizes and all sectors reported difficulty in hiring sufficient numbers of employees.

Many employers describe an environment in which they are working at capacity and as a result either turning away work or deferring expansion due to a lack of qualified available potential employees. That said, even though our city's population grew at a greater rate than the State over the past decade, I am concerned about the effects of a shrinking Wisconsin working age population on our own growth potential.

For our city to grow, we must compete successfully with other Wisconsin municipalities to entice people to live and work here. My point in opening the budget memo with comments about the labor force is to highlight the need for our city to prioritize these efforts to entice people to remain here and to entice others to move here. We must:

- Expand the variety and quantity of residential development so people have the options they want at a price they can afford.
- Facilitate the creation and adaptation of commercial and retail activities that consumers want.
- Provide superior recreational assets like parks and trails by making improvements in what we have and adding more.

Lastly, as it pertains to our own internal labor force, we could not, for example, hire enough temporary employees for our short term seasonal needs. As for full time opportunities, applicant pools for City jobs shrank dramatically across the board. Upward pressure on our salaries and wages is growing as well.

Going Forward

What we've experienced in 2022 and 2023 affects how we evaluated the 2024 budgeting environment and the five year period for our Capital Improvement Plan (CIP). The costs of nearly all our inputs, whether it's the cost of labor, supplies or services, have increased significantly.

Those increases further constrain our general fund operating budget because any change to our property tax levy limit is tied only to the rate of net new construction, not the cost of labor, fuel or other services and supplies.

The effects of inflation right now have no bearing on the change in the property tax levy limit. So, we have developed a proposed budget and CIP that meet the needs of our community, maintains the current high quality of municipal services and aspires to make wise investments that will drive continued growth in the future even as inflation reduces our buying power.

Now I transition to comment about the budget itself.

A budget is a plan for resource allocation and a valuable source of communication. When done successfully it funds priorities, reconciles priorities and constraints, identifies sources and uses of financial resources, and communicates expectations. The municipal budget is also a summation of appropriations amongst a variety of fund categories and a roadmap for contracted procurements.

In my view, it's the single most important policy each year.

The budget provides:

- The authority to expend and receive funds in accordance with the appropriations contained therein.
- A guide for planning, prioritizing and directing the operations of our municipal government.
- The public a basis of fiscal accountability.

The foundational strategic priorities underpinning this budget are:

1. Maximizing public safety; realized by an essential and uninterrupted array of municipal services for the people of our community. I draw attention to these that are most important:
 - a. Providing safe drinking water
 - b. Delivering rescue and advanced life support via our ambulance service
 - c. Protecting people by enforcing the law
 - d. Treating wastewater in order to safely discharge it into Lake Winnebago
 - e. Protecting life and property via our fire service
2. Expanding prosperity through community and economic development with these areas of emphasis:
 - a. Expanding the variety and quantity of residential development so people have the options they want at a price they can afford
 - b. Facilitating creation and adaptation of commercial and retail activities that consumers want
3. Protecting and improving publicly owned infrastructure with these areas of emphasis:
 - a. Provide superior recreational assets like parks and trails by making improvements in what we have and adding more

Achieving those strategic priorities depends upon:

1. Attracting and retaining exceptional employees
2. Operational effectiveness supported by financial efficiency
3. Providing outstanding customer service
4. Long-term investments that preserve and improve our infrastructure
5. Collaboration with community partners, groups and innovators

With those foundational priorities in mind, the remainder of the Budget Communications memo will delve into more detail on highlights and notable items in the 2024 Proposed Budget.

Property values:

- The equalized value of real and personal property continues to grow significantly. The City's total equalized value exceeded \$3 billion for the first time with the 2021 budget, and eclipsed \$4 billion in 2023. The equalized value increased by 13% from 2022 to 2023 to \$4.2 billion. Additionally, net new construction increased by over \$45.5 million, or 1.23% in the past year.

- Our Tax Incremental District (TID) portfolio of 9 TIDs continued to thrive with a total increment value over \$126 million, increasing over 14%. The City's TID portfolio accounts for 3% of equalized value, which is well within the statutory limit of 12%.

Notable highlights of the 2024 budget:

- General Fund spending increased by 1.9% compared to 2023 at a time when the consumer price index exceeds 5% year over year.
- Increase in State shared revenue of \$1.5 million.
- The application of just under \$250,000 of fund balance to the 2024 budget returns to a more historical usage of fund balance, and positions the City to maintain a reserve above its 15% policy requirement. This is a 10x reduction compared with 2023.
- In addition to contractually negotiated raises for union employees, we have budgeted for a 2.0% increase to the wage scale for non-represented employees.
- The City's statutorily imposed levy limit increased from \$30,713,712 in 2023 to \$32,436,741 in 2024, or an increase of 5.6%. \$462,330 was attributed to our allowable growth increase, but increased debt service was the primary source of the levy limit increase.
- To be eligible for the State's Expenditure Restraint Program (ERP) fund, ERP calculations require total General Fund expenditures, plus tax levy support to other funds, meet the State's ERP limitations. Due to the passage of the Public Safety Referendum, which authorized the City to exceed our allowable tax levy increase, the 2022 budget was the first time in recent history that we did not qualify for ERP. Our 2023 budget met the ERP calculations, so we will once again qualify for receipt of ERP funding in 2024.
- The combined effect of a growth rate in equalized value of 13% and a levy increase of 5.6%, produced an equalized property tax rate decrease of 7.4%. A decrease in the equalized property tax rate is driven by a small change in the tax levy being spread over a much larger increase in equalized value.
- Year two of the American Rescue Plan Act (ARPA) Special Revenue fund. This fund was been established to track the receipt of the two tranches of ARPA funds, and subsequent project expenditures. Also included is separate book of progress made on ARPA projects and a list of projects planned for 2024.

General City Revenues

Revenue constraints remain an area of focus, because without adequate funding to adapt our organization to changing needs, municipal services are at risk. Municipalities receive most of their revenue from two sources: property taxes and state shared revenue. The State limits or controls each and adds significant restrictions.

In July, 2023, the Wisconsin State Legislature passed historic legislation in Act 12. The Act dedicates \$.01 of the State's sales tax to fund local units of government, provides a supplemental inflationary increase, and attaches both the current shared revenue and supplemental payment formulas to the growth in the State's sales tax moving forward. Since 2000, there were only two years where State sales tax experienced a year-over-year decrease in revenues.

The passage of Act 12 came at a critical time for the City. Without the additional supplemental payment of \$1.5 million, we were faced with an unsustainable scenario where our major sources of revenue were not responding to changes in the economy, even though our expenses were. The

resulting disconnect would have put our municipal services at risk. There was a need for a municipal aid funding model that provides for sustainable and growing allocations in order to provide consistent and adaptable municipal services for a growing City. The State Legislature provided that support.

Total combined general fund city revenues available to support general fund city operations and services for 2024 increased by a total of \$710,285 or 1.9%. Some of the factors included in this figure are:

- **State Share Revenues**

As noted above, Act 12 legislation will provide a supplemental payment of \$1.5 million or an increase of 27.7% in shared revenues over 2022. The influx of State revenues will allow for a significant decrease in the amount of fund balance applied toward operations and allow for flexibility in adapting to a growing community.

- **Property Tax Levy Limit**

The 2024 budget complies with the state-mandated property tax levy limit. The property tax levy limit is allowed to increase by the rate estimated for net new construction of 1.23%, plus the increase in general debt service principal and interest payments. Given other demands on the levy allocations, the portion of property taxes allocated to the general operating fund remained nearly flat year over year.

- **Fund Balance Applied**

The 2024 budget applies \$247,312 of available fund balance, which is \$2,672,583 less than the 2023 budget and returns to historic levels of fund balance usage and reserve balances.

Personal Services (Salaries, Wages and Benefits)

Due to the service nature of city operations, approximately 73% of the city's budgeted operating costs for the general fund and special revenue fund combined are for employee salaries, wages and benefits. Of the workforce supported by the general operating budget, 59% remain part of a collective bargaining unit. Negotiated labor contracts for Fire/Rescue, Police and Transit are set in their respective 2022-2025 agreements. Due to a combination of factors, including changes in wages and benefits, employee turnover, and increases in health insurance costs, net total 2024 budgeted general and special revenue fund labor costs have increased by \$731,070 or 2.3%, compared to the 2023 budget.

- **Wage Adjustments**

The budget for salaries and wages for all general and special revenue fund employees increased by 1.4% or \$310,876 compared to the 2023 budget.

- **Health Insurance**

In an effort to recruit and retain top level talent, the City has undertaken a multi-year effort to implement a number of enhancements to the City's health insurance and health care access. Highlights include:

- Teledoc. Health plan members can access Teledoc 24/7 and speak to a medical provider through a phone call or video consult. This results in employees being able to be seen sooner for conditions such as cold and flu, allergies, skin problems and more. In 2022, Mental Health Care access was added to Teledoc. Areas of specialty include PTSD, anxiety, and trauma resolution.
- NovoHealth provides discounted bundled rates for Orthopedics, Cardiology, Podiatry and more. Novo has among the lowest infection rates and has a 20 day on average faster return to lifestyle.
- Pharmacy Benefits Manager change to CVS/Caremark. Allowed the City to capture higher prescription rebates and manage specialty medications in a more efficient and cost effective manner.

Total actual medical claims in 2022 were 11% higher than budgeted. During the first seven months of this year, prescription drug costs total 32% more this year than last. Those increases indicate a need to raise premiums 15% next year in anticipation of a combination of continuing increased demand and medical inflation. Though the health insurance industry is indicating premiums should increase by a higher percentage, the City is able to forecast a lower percentage increase by applying a portion of the fund balance in the Health Insurance Fund.

- **WRS Pension Costs**

The City's share of total budgeted general and special revenue Wisconsin Retirement System (WRS) pension costs increased by \$207,968 or 7.4% from 2023 to 2024.

The 2024 WRS general employee employer-required pension rates increased .10% when compared to 2023. Fire/Rescue pension contributions increased 1.10% and Police employer required pension contributions increased 1.20%.

General, Transit, Police public safety and new employees in Fire/Rescue public safety share in the same 6.90% of salary share towards WRS pension costs and any WRS rate increases or decreases. Public safety employees in Fire/Rescue hired before Act 10 began sharing in a portion of the employee share of WRS starting in 2018.

- **Life Insurance**

The City contracts with The Hartford to provide, at no cost to employees, basic life and accidental death and dismemberment insurance to both non-exempt and exempt employees. Subject to policy limits, non-exempt employees receive a benefit of one times their salary and exempt employees receive a benefit of one and one half times their salary. Current policy limits on coverage have been in place for over 14 years, so the City negotiated policy limit increases at no additional cost from The Hartford. Effective August 1, 2022, policy limits for non-exempt employees were raised from \$100,000 to \$150,000 and exempt employee limits raised from \$150,000 to \$250,000.

From all indications, there are no changes on the horizon from the State Legislature pertaining to levy limits, or the expenditure restraint program. As a result of that expectation combined with flat general fund operating revenues, it is anticipated that these constraints will affect this, and subsequent years', budgets. It is reasonable to assume, given that levy limits do not account for

inflation, that these constraints will exert even more pressure in the coming years. These pressures make any personnel additions even more difficult to accommodate without external funding sources.

Services, Materials and Supplies Expenditures

Total budgeted general and special revenue fund contractual services, materials and supplies and utility costs account for 26% of the budget. With the exclusion of ARPA spending, these costs remained steady, with a slight decrease of \$79,914, compared to the 2023 budget.

The City is planning for a property assessment revaluation in 2024. A revaluation involves completely redoing the assessment roll to update property values to market. A complete revaluation ensures that all property owners receive uniform assessments, and are paying their fair share of property taxes. \$238,000 is included in the County Sales Tax Special Revenue Fund budget for the City to enter into a contract with Catalis Tax & Cama Inc, (formerly Grota Appraisals), the City's contracted Assessor, to begin the revaluation process.

Transit receives approximately 55% of its operating funds from Federal and State formula grants. As a part of each grant, Transit is required to provide a local share amount, which for the City requires allocation of tax levy dollars. As Transit expenditures rise, the amount of local share required would also rise.

Capital Funded by Operations

The 2024 budget continues funding of annually recurring capital projects by using operating revenues rather than long-term debt. Capital financed by tax levy in the 2024 budget is \$1,168,500 compared to \$1,880,162 in the 2023 budget (see the capital improvement plan for detail).

In 2024, State Expenditure Restraint funds will be placed into the capital improvement plan to assist in funding projects that would otherwise have been funded by operating revenues. This shift allows for more tax levy to remain in the General Fund for operations, reducing the General Fund's reliance on State funding sources, and providing funding for pay-as-you-go projects.

Capital Funded by General Obligation Debt

The amount of general capital projects funded by general obligation (G.O.) debt included in 2024 is \$14,121,030 with various Street Reconstruction projects, Phase 2 of the Police Department renovations, infrastructure expansion south of Highway 151, the purchase of enterprise business/finance software, a feasibility study for a fourth fire station, park enhancements, and implementation of projects in the Riverfront Plan and North Main Street Plan. This figure represents 14.5% of the City's projected overall G.O. debt level at the end of 2024. Please see the capital improvement plan for details.

Other G.O. Debt Considerations

The G.O. debt we issue in 2024 will continue to be for a term of 10 years. This practice more closely matches the useful lives of the assets or projects acquired with the debt to the debt repayment terms. Our bond rating agency, Standard & Poor's, also looks more favorably on shorter debt repayment terms.

The overall G.O. debt level, including new debt for general capital projects, ranges from a low of \$97.6 million in 2024 to a high of \$115.1 million in 2028, with the average debt balance from 2024-2028 at \$106.5 million. Debt balances continue to be significantly below the State Statute Legal Debt Limit and well below our self-imposed limit 60% limit of the Legal Debt Limit. This can be seen on the Debt Service graphs included in the capital improvement plan.

Utility Debt

The Water Utility will borrow for several projects over each of the next five years, with the largest projects being underground utility work performed as part of annual Utility and Street Reconstruction and upcoming projects with the Department of Transportation. With an increased focus on using revenue bonds to finance water projects rather than paying for the projects in cash, the Water Utility debt balance remains consistent between 2024 and 2028 only increasing \$1.4 million. Please see the capital improvement plan for details.

The Wastewater Utility will borrow for several large projects over some of the next five years, with the largest being \$19.3 million in 2024 for the biosolids dryer construction project. Biogas utilization projects are projected to be \$12.2 million in total over 2024 and 2025. These large projects will result in the Wastewater Utility debt increasing from \$29.5 million in 2024 to \$37.0 million in 2028. Please see the capital improvement plan for details.

Utility Rates

The 2024 budget does not include Water or Wastewater Utility rate increases. The last water rate increase went into effect in 2016 and was the first increase since 2010. As part of the Public Service Commission's (PSC) approval of the City's Private Lead Service Replacement program, the Water Utility was required to file a rate case analysis with the PSC by May 2022. On January 4, 2023, the PSC issued its Final Decision on the rate case and did not authorize a rate increase.

Wastewater Utility rates included in the 2024 budget remain at the same level as 2009. Any rate case filed with the PSC related to water rates does not impact wastewater rates.

Use of General Fund Balance

A goal of the 2024 budget is to maintain a general fund balance for working capital purposes of at least 15% of budgeted expenditures, in keeping with City policy. \$247,312 of available general fund balance will be applied to the 2024 budget. The resulting unassigned general fund balance remaining after balancing the 2024 budget is estimated to be \$7.8 million or 20.5% of budgeted annual general fund expenditures. The amount of fund balance applied to the 2024 budget is subject to adjustment as the balancing figure for any revenue and expenditure adjustments made as this budget is adopted and thereafter.

City Code-Chapter 120

In accordance with Chapter 120, subparagraph 3 of the City Code, I designate Dyann Benson as the Assistant City Manager, a designation subject to confirmation by the City Council. As such, approval of the 2024 operating budget by the City Council will serve as confirmation of Ms. Benson's designation.

On the Horizon (For the Future)

Budget challenges will persist beyond 2024 because of inflation and the cost of labor. Some of the challenges we anticipate facing as we develop future budgets and capital improvement plans that meet the needs of our community include:

- We expect the challenges in the labor force will continue with low unemployment rates, slowing population growth and a decrease in working age population.
- We expect that property tax levy limits will remain in effect for the foreseeable future. The levy limit is allowed to increase only by the rate of growth in net new construction, in addition to any increases necessary to cover increasing debt principal and interest payments. The levy limit is not tied to the cost of labor, fuel or other services and supplies.
- We expect to continue to provide high quality municipal services within all of the internal and external constraints placed upon our financial resources.

Facing and addressing these challenges will require making wise investments that will drive continued growth in the future. We will need to be diligent in aligning priorities with available resources, mitigating constraints and communicating expectations.

Acknowledgements

I wish to thank the City Council and the City staff for their cooperation and team spirit in this process. I would like to especially thank the staff of the Comptroller's Division for their efforts in preparing and compiling the budget documents.

Please feel free to contact me or the Director of Administration if you have any questions regarding the 2024 Proposed Budget.

Joseph P. Moore
City Manager

**CITY OF FOND DU LAC
2024 PROPOSED BUDGET SUMMARY**

The 2024 **GENERAL FUND BUDGET** is as follows:

REVENUES AND OTHER FINANCING SOURCES:	2023 Budget	2024 Budget	Percent Change
Taxes (other than property taxes)	\$2,414,816	\$2,243,674	
Special Assessment Payments	107,000	107,000	
Licenses and Permits	1,309,460	1,322,135	
Intergovernmental Revenues	9,955,010	11,645,465	
Public Charges for Services	2,943,902	2,981,042	
Fines, Forfeits and Penalties	430,000	430,000	
Interest and Rent	314,100	1,094,100	
Miscellaneous Revenues	111,600	111,600	
Total Revenues Excluding Property Taxes	\$17,585,888	\$19,935,016

*OTHER - includes planned spending of American Rescue Plan Act (ARPA) funds and County Sales Tax

GENERAL FUND

The General Fund is the City's main operating fund. It is used to account for all financial resources and expenditures, except those required to be accounted for in another fund.

The General Fund includes the operating budgets for most of the City's governmental services including general government, police, fire, ambulance, public works, and other public services. The General Fund budget also includes a listing of the financial resources needed to provide those services for the year.

CITY OF FOND DU LAC GENERAL FUND BALANCE

The following graph presents the trend in the General Fund Balance for the past 5 years, with projections for 2023 and 2024. Total fund balance includes the portion of fund balance for subsequent year's expenditures and other commitments or assignments. Unassigned fund balance is the remainder after subtracting commitments and assignments. General fund balance is an important measure of financial position for a local government. The City's positive trend in maintaining the general fund balance has been cited as a significant factor contributing to the City's "AA-" bond rating from Standard and Poor's Ratings Services.

Even with use of fund balance, the general fund balance continues to be within the guidelines set by the City Council in the fund balance policy (see the budget policy section), which states that unassigned general fund balance should be at least 15% of the budgeted general fund expenditures for the subsequent year, or a minimum of \$5.7 million as of December 31, 2024.

GENERAL CITY FUNDING SOURCES	1,577	2,050	2,050	814	2,050	2,050

Purpose And Activities

To hear, deliberate and consider in a fair and impartial manner appeals of property owners who believe their property has been incorrectly assessed. To carefully examine the assessment roll and correct all apparent errors in description and computation. Review evidence submitted by objecting property owners to show fair market value of their properties in the City. Hear evidence submitted by the assessor and others who have knowledge of the value of the property. Decide based on evidence presented, the correctness of the assessor's valuation and grant appeals if justified.

Purpose And Activities

The Central Collection office collects payments due to the City including personal property taxes, utility bills and other payments. The City contracts with the Fond du Lac County Treasurer's Office to collect real estate taxes. Central Collections also schedules park facility reservations, issues business, pet and bicycle licenses, city parking lot permits, and boat launch stickers.

GENERAL CITY FUNDING SOURCES	313,403	428,325	428,325	51,818	428,485	306,537

Purpose And Activities

The purpose of the property assessment division is to maintain the fairness of the City's property tax base by establishing equitable, uniform and current assessed values on all taxable real and personal property in the City in conformance with Wisconsin State Statutes and accepted assessment practices. The assessor's office maintains all assessment records and legal documents and provides reports and information to the Department of Revenue, various other City and County departments and the public.

Budget Comments

Maintain current level of services. Catalis Tax & CAMA Inc (formerly Grota Appraisals, LLC) is the City's contracted property assessment service provider. 2019 was a City-wide revaluation year, and the next revaluation is anticipated to take effect for the January 1, 2025 assessment roll. The cost of the revaluation will be funded by the County Sales Tax Special Revenue Fund.

See Exhibit F for related fees.

GENERAL CITY FUNDING SOURCES	99,847	91,137	91,137	78,971	141,146	114,678

Purpose And Activities

The Attorney's Office primary functions are to advise the City Council, City Manager, department and division heads, and all advisory authorities and committees of the legal implications of contemplated policy and administrative decisions. Staff amends or prepares new ordinances and resolutions, prosecutes violators of Wisconsin state statutes and ordinances, and defends actions brought against the City. Staff represents the City in a variety of legal actions including civil circuit court actions, municipal court actions, appeals, administrative hearings and any other investigative matter.

Legal areas covered include open meetings, public records, human resources, labor relations, real estate, taxes, risk management, conflicts of interest, contracts, civil procedure, public policy and legislative process.

DESCRIPTION	2022 Actuals	2023 Adopted Budget	2023 Amended Budget	2023 6-Month Actuals	2023 Estimated Actuals	2024 Proposed Budget
EXPENDITURES						
Contractual Services	115,800	117,250	117,250	36,871	117,250	93,423
TOTAL EXPENDITURES	115,800	117,250	117,250	36,871	117,250	93,423
GENERAL CITY FUNDING SOURCES	115,800	117,250	117,250	36,871	117,250	93,423

Purpose And Activities

To hold for cause, pickup, house, and reunite or rehome stray animals in the City.

Budget Comments

The City contracts with multiple local shelters and rescues to provide necessary animal control services. Shelters and rescues are appointed as Humane Officers for the City of Fond du Lac in order to take custody of animals pursuant to section 173.13 of Wisconsin Statutes. Local shelters and rescues must also be licensed with the State of Wisconsin under Section 173.41(1)(b) of Wisconsin Statutes.

Purpose And Activities

To provide a high quality of fire suppression, emergency medical, hazardous materials and technical rescue services. To provide Advance Life Support (ALS) and Basic Life Support (BLS) to our community and portions of surrounding communities.

Activities of the Fire Department include fire suppression; fire prevention including inspection of buildings, their contents, their fire prevention equipment; public education and investigation of fire causes to guide future prevention priorities; fire safety education for schools, homes and occupancies with greater than average fire potential or hazard to people such as restaurants, motels, hospitals and nursing homes; abatement of hazards to health and safety caused by deteriorated or abandoned structures; mutual aid to surrounding governmental units; and data development and analysis. The department stresses proper training and adequate equipment to carry out these activities with safety, speed and effectiveness.

The rescue personnel are trained to the paramedic level and provide ALS care to patients. The paramedic level of training allows for administration of numerous medications, advanced airway management, intravenous access and many other skills. The paramedics are supported by engine personnel who are trained to the EMT-Basic level. The department strives to be proactive in order to provide the best level of care possible and this is accomplished by keeping up with the technological changes.

Budget Comments

See Exhibit C for related fees.

GENERAL CITY FUNDING SOURCES	325,491	303,800	303,800	129,904	303,800	303,800

Purpose And Activities

To adequately illuminate public street right-of-ways including sidewalks to enhance traffic safety, deter crime and promote the public safety and welfare.

Two basic programs exist: (1) the City owns and maintains poles, lamps and circuits but buys electricity. This arrangement is confined to ornamental lighting and found along thoroughfares, in the central business district and in new subdivisions; and (2) Alliant Energy supplies and maintains poles, lamps, circuits and is currently under contract with the City at a fixed price per lamp. The arrangement utilizes wooden poles and is generally found in older areas of the City. In addition, this account includes funds for downtown Christmas lighting energy. The City erects and takes down Christmas lighting as well as replacing lamps and maintaining garland and components.

Budget Comments

This budget maintains the current level of service.

CITY OF FOND DU LAC - 2024 BUDGET ECONOMIC DEVELOPMENT

Appropriation Summary

DESCRIPTION	2022 Actuals	2023 Adopted Budget	2023 Amended Budget	2023 6-Month Actuals	2023 Estimated Actuals	2024 Proposed Budget
EXPENDITURES						
Contractual Services	85,705	120,100	120,100	54,336	120,100	127,600
Capital Outlay	186,730	150,000	236,110	2,235	236,110	150,000
TOTAL EXPENDITURES	272,435	270,100	356,210	56,571	356,210	277,600
GENERAL CITY FUNDING SOURCES	272,435	270,100	356,210	56,571	356,210	277,600

Purpose And Activities

The Economic Development budget is used to promote and assist commercial and industrial growth to diversify and expand the tax base and provide employment. This is done in conjunction with Envision Greater Fond du Lac and Downtown Fond du Lac Partnership.

Envision Greater Fond du Lac is a private/public partnership available to assist with economic development activity in Fond du Lac County. The Downtown Fond du Lac Partnership is the organization that manages the Business Improvement District (BID) and is funded by the BID assessment.

Budget Comments

\$50,000 will go to Envision Greater Fond du Lac to support their efforts towards economic development. \$10,000 is in support of its Chamber of Commerce function and \$40,000 is in support of its economic development function. The City of Fond du lac is one of eight governmental entities who invest directly in County-wide economic development.

\$212,600 will be used to supplement the Downtown Fond du Lac Partnership's efforts to enhance the BID and downtown growth with projects that include: retail incentive grants to facilitate new retail business and help existing retailers expand operations; general downtown projects such as landscaping; the Building Improvement Grant to assist property owners with physical improvements to building exteriors; and for a catalytic project to transform an outdated and blighted property.

\$15,000 provides for economic assistance for studies/plans to facilitate economic growth and/or redevelopment.

CITY OF FOND DU LAC - 2024 BUDGET OPERATING TRANSFERS

Appropriation Summary

DESCRIPTION	2022 Actuals	2023 Adopted Budget	2023 Amended Budget	2023 6-Month Actuals	2023 Estimated Actuals	2024 Proposed Budget
EXPENDITURES						
Other Financing Uses	324,401	311,400	311,400	284,650	311,400	311,400
TOTAL EXPENDITURES	324,401	311,400	311,400	284,650	311,400	311,400
GENERAL CITY FUNDING SOURCES	324,401	311,400	311,400	284,650	311,400	311,400

Purpose And Activities

To provide funding sources for tax levy support to special revenue funds and the capital projects fund for that portion of the projects funded by annual general City funding sources.

Budget Comments

2024 includes an operating transfer of \$7,500 to the Haz Mat Interagency Special Revenue Fund to cover the City portion of the Haz Mat activities. Operating costs of \$88,900 will be transferred to the Public Safety Training Center Special Revenue Fund. Seventy Five dollars per ambulance billed call is transferred to the capital projects fund to fund future ambulance replacements. This amount is estimated to be \$215,000 for 2024.

SPECIAL REVENUE FUNDS

Special Revenue Funds are used to account for certain revenue sources set aside for specific purposes.

The City's Special Revenue Fund budgets include activities such as the public library, grant programs, public safety training center, residential recycling program, residential solid waste, harbor and boating facilities, fuel pump maintenance fund, haz mat interagency agreement, transit, tax incremental financing, County sales tax, and American Rescue Plan Act (ARPA).

Purpose And Activities

To account for the City property tax levy contribution towards the operations of the Fond du Lac Public Library.

State Statutes give authority for the supervision and administration of the public library to the library board. The library board has exclusive control over all monies appropriated for library purposes, including the authority to set library staffing levels and employee wages and benefits.

Budget Comments

The City property tax levy for the library is increased by 2.0% for 2024.

INCREASE (DECREASE) IN FUND BALANCE	14,917	12,637	12,637	10,377	12,637	12,637

Purpose And Activities

The purpose of the fund is to maintain and replace the fuel pump system that serves all City departments as required. A percentage of the gasoline/diesel fuel charges to departments is accumulated in this fund. Resources are accumulated in this fund for replacement, maintenance and improvement to the fuel pump system as necessary.

Budget Comments

The fuel pump system was replaced in 2011 from fund balance accumulated in this fund for that purpose. The revenue is derived from a mark-up in the cost charged to City departments to cover maintenance, fees and eventual replacement. A new fueling software system was purchased in 2021 for a more value-added interface with the new fleet system, as well as fueling pump upgrades.

TOTAL DEDICATED REVENUES	279,265	275,498	275,498	273,586	275,498	275,498
INCREASE (DECREASE) IN FUND BALANCE	175	239,970	239,970	273,586	226,550	(8,661)

Purpose And Activities

The County Sales Tax Fund is funded by the allocation of County sales tax revenues shared with all towns, villages and cities located in Fond du Lac County. The County authorized the sharing in 2019 with County resolution 82-18 and authorized the allocation formula in 2021 with County resolution 47-21.

Budget Comments

For 2023 and 2024, a portion of the funds will be used to fund the necessary subsidy to TID #13.

In 2024, \$238,000 will be used for the Market Update Revaluation of property assessments. This work will be performed by the City's contracted Assessor Catalis Tax & CAMA Inc (formerly Grota Appraisals).

The 2024 Proposed amount is an estimate of funds to be received from Fond du Lac County as part of the sales tax allocation. The actual amount authorized to be distributed may vary.

Projection of Fund Balance as of December 31, 2023 and December 31, 2024

Purpose And Activities

The American Rescue Plan Act (ARPA) Fund is used to account for revenues received to replace revenues lost during the 2020 pandemic. The projects selected to be supported by these funds are based on specific criteria set out through the American Rescue Plan Act. The City of Fond du Lac was allocated \$13,792,153. These funds are required to be allocated by 2024 and spent by the end of 2026.

Budget Comments

The 2023 Estimated Actuals are higher than the 2023 Adopted budget due to timing shifts of projects. Some projects that were slated to begin in 2022 were pushed to 2023 and some projects that were slated to begin in 2024 were pulled back to 2023. This allowed the City to maximize ARPA dollars across a variety of City Council approved projects.

Please see the American Rescue Plan Act Proposed Spending Plan booklet for additional information on past and upcoming projects.

Purpose And Activities

To account for the accumulation of resources for, and the payment of, the City's general obligation long-term debt principal, interest and related costs for the City's governmental funds.

Budget Comments

There is an increase in the property tax levy due to increase in debt principal and interest payments supported by tax levy.

Projection of Fund Balance as of December 31, 2023 and December 31, 2024

January 1, 2023 balance		614,987

ENTERPRISE FUND WASTEWATER TREATMENT & RESOURCE RECOVERY FACILITY

An Enterprise Fund is used to report activities for which a fee is charged to external users to recover the costs of services. Outstanding debt is backed solely by revenues from fees and charges. Fees and charges are set to recover costs over the long term, including capital costs (depreciation and debt service). No general taxpayer money is used to support enterprise fund operations.

Wastewater Treatment & Resource Recovery Facility fees are approved by the City Council based on staff recommendations supported by an independent rate study performed by a consultant specializing in wastewater rates. Rates are analyzed and set based on operating costs, rates of return and debt coverage.

ENTERPRISE FUND WATER UTILITY

An Enterprise Fund is used to report activities for which a fee is charged to external users to recover the costs of services. Outstanding debt is backed solely by revenues from fees and charges. Fees and charges are set to recover costs over the long term, including capital costs (depreciation and debt service). No general taxpayer money is used to support enterprise fund operations.

Water Utility fees and operations are subject to the Wisconsin Public Service Commission (PSC) regulations. Rate cases are submitted to the PSC for approval, which includes a public hearing. An independent rate consultant, specializing in water rates, is utilized to analyze and develop the rates in relation to operating costs, rates of return, debt coverage and PSC regulations.

Purpose And Activities

To account for all the activities necessary to provide water services to residential, commercial, and industrial customers of the City. Fund activities include administration, billing and collection, operations, construction, maintenance, financing and related debt service.

Budget Comments

There are no rate increases in the 2022 budget. The last time water rates increased was 2015.

Summary of Capital Outlay funded by water operational funding sources:

Annual Well Renovation & Pump Work	340,000
Capital Equipment Replacement	275,000
Annual 4-inch Main Replacement - City Wide	175,000
Annual Water Meter Additions & Replacements	100,000
Annual Emergency Well Reserve	100,000
Total Capital Outlay from Operations	990,000

Summary of Capital Outlay funded by water debt funding sources:

Annual Clearwater Elimination - Main Replacement	1,484,500
City Growth Area - South of Hwy 151	1,200,000
Private Lead Service Line Replacement	1,078,000
CTH VV Pioneer - Martin to CTH V	650,000
Martin Tower Painting	450,000
Southview Acres Water Main Loop	280,000
Trowbridge Backflow Upgrade	30,000

INTERNAL SERVICE FUNDS

An Internal Service Fund is used to account for the financing of goods or services provided by one department or agency to other departments or agencies of the City on a cost reimbursement basis. Currently, the City has two Internal Service Funds which are used to account for the transactions of the City's self-funded employee health insurance program and the information technology services provided to City departments.

Purpose And Activities

To account for transactions of the City's self-funded employee health insurance program.

Budget Comments

The budget includes a 15% increase in health insurance premium equivalents for 2024 due to medical inflation. Police, Fire and Transit premium co-pays are subject to bargaining, but plan design changes are not. The January 1, 2023 retained earnings balance of \$1,759,501 represents approximately two months of estimated expenses.

Projection of Retained Earnings as of December 31, 2023 and 2024

Purpose And Activities

To provide information technology, both hardware and software, telephone (voice & data), cell phone, wireless, and other communication/network services and support to City departments. Every department is touched by the services provided by ITS, be it hardware, software, facilities, consulting or design. ITS costs are allocated to user departments based on direct charges, numbers of computers and printers in use, and computer time used. Staff also assists the City users both internal external in automating policies and practices.

Budget Comments

ITS continues to maintain and to enhance services provided where possible.

SPECIAL EVENTS

Below is a list of upfront fees for a Special Event, March, or Public Assembly. If the event requires more than the reasonable and necessary services provided by the City, that specifically result from the event, the applicant may be required to pay the actual costs for the use of equipment, resources, or services. Those additional costs will be invoiced and payment must be made to the City within 30 days of the event.

You may also be assessed other city permit or license fees associated with your Special Event, March, or Public Assembly. Payment of the application fee and/or additional city services fees does not constitute payment of other City permit or license fees, unless specifically stated by the City. Submittal of a Special Event or March/Public Assembly application does NOT reserve a park. The cost of renting a park facility is in addition to any other fees.

	2023 ADOPTED FEE	2024 PROPOSED FEE
<i>Application Fees (non-refundable)</i>		
Small Events (less than 75 in attendance)	\$25	\$25
Medium Events (75-200 in attendance)	\$50	\$50
Large Events (200-5,000 in attendance)	\$75	\$75
Larger Events (over 5,000 in attendance)	\$100	\$100

<i>Additional City Services Fees (must be arranged in advance of the event)</i>		
Garbage Carts/Barrels (some provided at most facilities, may request up to 10 at no charge) ¹	\$3 each, over 10	\$3 each, over 10
Recycling Bins (some provided at most facilities, may request up to 10 at no charge)	No charge, limit 10	No charge, limit 10
Barricades (up to 10 included, by request) ^{2 & 3}	\$2 each, over 10	\$2 each, over 10
Pencil Cones (up to 30 included, by request) ³	\$1 each, over 30	\$1 each, over 30
No Parking signs, installed ⁴	\$2 each	\$2 each
Handicap Parking signs, installed (up to 3 included, by request)	\$2 each, over 3	\$2 each, over 3
Tables ("Pipe-Leggers")	\$3 each	\$3 each

<i>Other Services to Consider (must be arranged in advance of the event)</i>		
Electricity - Electricity is available at or near most facilities, but if extra power/support is required, contact the Parks Office at 920-322-3653.		
Hydrant Water - Water is available at or near most facilities, but if additional water/support is required, contact the Water Business Office at 920-322-3680.		
Portable Toilets - If additional facilities are needed, arrangements should be made with a provider of that service. A list of area vendors can be provided on request.		

1. Fees include the emptying of garbage carts by City staff after the event. If carts need to be emptied during the event, the event staff is responsible for arranging for dumpsters and emptying carts as needed during the event.
2. Each driveway or leg of an intersection is assumed to require two barricades; please consider that in the count when making your request.
3. Rented barricades and/or pencil cones will be dropped off at the event site by City staff and collected after the event. The organizer is responsible for erecting and moving as required for the event.
4. The City staff will determine the appropriate number of No Parking signs needed for the event. No Parking signs for events in the Downtown District will be installed at no charge, applicants for downtown events should contact Community Development at 920-322-3440.

CITY OF FOND DU LAC BUDGET AND FINANCIAL MANAGEMENT POLICIES

The budget of the City of Fond du Lac serves as a comprehensive, rational guide for financial planning and operations management throughout each fiscal year. This section describes the financial policies and procedures that guide the development and monitoring of budget for the City, both on a long-term and annual basis. The formally adopted financial policies that address budgetary issues are:

Balanced Budget Policy

A balanced budget is a budget in which revenues and expenditures are equal. An overriding goal of the City's operating budget policy is to achieve a structural balance over a long-term period, recognizing that in certain periods revenues and expenditures may not equal. A balanced budget for the general fund is defined as revenues and other sources equal to or exceeding operating expenditures. Other sources can include that portion of general fund balance that is allowed to be budgeted for use according to the City's fund balance policy. Balanced budgets for the enterprise funds are defined as providing sufficient revenues to support the operations, capital and debt service needs of those funds, without subsidy from the general fund, and enterprise fund revenues shall not be used to subsidize other City funds. Charges from internal service funds shall be sufficient to support such activities, with no trend of operating deficits.

Budget Development Policy

This policy sets forth the process for the development, review and adoption of the City budget, in conjunction with the provisions of the City Code and Wisconsin Statutes.

Each year the City Manager prepares a budget development calendar to guide City staff and the City Council in the development of the annual budget. The annual budget development process includes the approval by the City Manager of budget parameters to guide development of department budgets. The budget goals and priorities from the City Council are also used as a tool in the budget development. Department budget requests are reviewed by the City Manager who works to develop the annual budget with assistance from the Director of Administration. The City Manager's executive budget, consisting of recommendations on department requests, is then presented to the City Council for its review and approval.

State Statutes and local ordinance prescribe the process of budget review and adoption for the City. The laws require public input in the budget process, including the publishing of a budget summary in the local media. Formal public input is provided at the official public hearing before the City Council.

Budget Amendment Policy

The City's budget amendment policy provides guidance as to changes in adopted budgets. Under Wisconsin law, the budget may be amended by a 2/3-majority vote of the City Council. Such a majority is required both for additional appropriations and for changes or transfers between

appropriations. Appropriations are defined as functional expenditure categories such as general government, public safety, etc. for the general fund, and the total budget for all other funds.

Budget transfers between individual line items within the functional expenditure appropriation categories in the general fund and at the total fund level for all other funds may be approved by the Director of Administration, provided that total expenditures do not exceed the total budgeted amounts approved by the City Council.

Fund Balance Policy

The City's fund balance policy addresses the desired level of fund balance to be maintained in the general fund of the City. In addition, sufficient fund equity should be maintained in the utility enterprise funds for operating budget flexibilities, debt service and capital replacement needs.

1. The City will maintain an unassigned general fund balance to provide necessary working capital to avoid cash flow interruptions and short-term borrowing to fund daily operations of at least 15% of budgeted expenditures for the subsequent year. This general fund balance working capital amount is used to generate interest income and to assist in maintaining the City's "AA-" bond rating.
2. Projections of the City's fund balances for each year ended December 31 are provided in the summary section of the adopted budget document.
3. There will be no shifting from fund balances to offset continuous on-going operating costs, except to phase in new major services costs or one-time project costs, which are unlikely to be repeated.
4. When both assigned and unrestricted fund balances are available for use, it is the City's policy to use assigned fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for all spendable, unrestricted revenue amount in the special revenue funds.
5. Fund balances of the special revenue funds, the debt service fund, capital projects funds, enterprise funds and internal service funds are assigned to be used for the purposes for which the funds were established.

Revenue Policy

1. The City relies on property tax as its main source of local tax revenue to fund local programs and services. Property taxes account for approximately 45% of total general fund and special revenue fund revenues.
2. Levy Limit. The City's property tax levy is subject to State-mandated property tax levy limits. The law allows the City to increase its property tax levy by the percentage growth in equalized value due to net new construction, plus the increase in general obligation debt

principal and interest payments from the previous year. The City's budget meets the property tax levy limit.

3. Use Fees. The City attempts to maintain a diversified and stable revenue stream. Service fee charges (user fees) are implemented for services that can be individually identified and where costs can be directly related to the level of service provided. The City's budgeting philosophy is to annually review and provide at least nominal inflationary increases on appropriate user fee charges for services to cover the increasing costs of providing those services.
4. Intergovernmental grant requests are subject to fiscal review before the grant application is submitted. The purpose of this review is to ensure that the grants do not create an obligation for unfunded future expenditures relating to the grant, and to provide an overall budgetary review of grant proposals.
5. One-time revenues shall not be used to fund continuous operating costs, except to manage a short-term spike in program costs, such as the phasing of a new or expanded program, making investments that have future payoffs, and to smooth out the impacts of significant state and/or federal funding reductions.

Debt Policy

The City's debt policy provides guidance to ensure that long-term debt is utilized appropriately and in a fiscally prudent manner. Elements of the policy include:

1. Limiting long-term borrowing to capital improvements or other long-term projects which cannot and, appropriately should not, be financed from current revenues and/or funds established for equipment replacement. Debt will not be used to finance current operations, nor will long-term debt be used to finance the cost of short-lived assets.
2. Final maturity of bonds and notes should not exceed the expected useful life of the underlying project or assets for which the debt is being issued.
3. The statutory limit on general obligation debt is five percent (5%) of the equalized valuation of all taxable property within the City. The City's debt policy guidelines further limits such debt to 60% of the legal debt limit (3% of the equalized value).
4. Debt issues should be structured to achieve reasonable and prudent principal retirement and maximize flexibility for the City's interests (e.g., call provisions).
5. Provide a cap on total annual debt service for general obligation debt (exclusive of that funded by enterprise operations and tax increment districts) of 30% of the City's total annual general operating revenues.

6. Maintain good communications with bond rating agencies regarding the City's financial condition, and provide for full disclosure in all financial reporting including official statements and continuing disclosure agreements.

Capital Improvement Plan Policy

1. The City prepares and adopts a five-year capital improvement plan which provides comprehensive planning, budget stability and analysis of the long-term capital needs of the City. The plan describes each capital project, estimates the project costs, prioritizes projects, identifies funding, considers alternatives, and estimates the impact on the annual budget.
2. The five-year capital improvement plan will consider major equipment replacement needs, as well as other anticipated capital expenditures. All City departments, including the water and wastewater utilities, prepare a five-year capital improvement plan, and the plan is updated annually.
3. Provide an affordability analysis, including consideration of annual limits on total capital expenditures and the impact of capital projects on future property tax and utility rates and fees necessary to fund debt service.
4. Coordinate the development and approval of the annual capital improvement budget with the development of the operating budget, and consider future operating costs associated with new capital improvements.
5. Capital improvement expenditures shall include amounts expended for equipment or other assets with a useful life of seven years or more and which involve amounts of \$25,000 or more.
6. Other practices followed with respect to the capital budget include the use of cash funding where feasible and appropriate, and the establishment of replacement funds. Examples include: infrastructure maintenance activities funded with current tax or utility rate revenues, and vehicle and equipment replacement funds established for the replacement of vehicles and major equipment.
7. Budget balances appropriated in capital improvement funds are designated for specific projects and are carried forward until the project is complete or the balance is transferred to other eligible projects.

Investments Policy

The City has adopted an investment policy with the primary objectives of preservation of capital in order to protect investment principal, maintaining liquidity, and maximizing returns on investment, in that order of priority. Investments are primarily limited to U.S. Treasury obligations, U.S. Government Agency Securities, municipal bonds, and the State of Wisconsin Investment Pool. The City's Comprehensive Annual Financial Report (CAFR) complies with

Governmental Accounting Standard Board (GASB) Statement 40 regarding disclosure of various investment risks, such as interest rate and custodial credit risk.

BUDGET PRINCIPLES

In addition to the formal policies adopted by the City, there are several principles that the City uses as policy guidance for the budget, particularly with respect to operating budgets. They are as follows:

1. The City has adopted a program/service budget format, to convey the policies and purposes of City operations in a user-friendly form. The City also prepares line-item budget information for management control purposes, and for those users who are interested in such information.
2. According to Wisconsin Statutes, the budget is adopted on a functional basis (general government, public safety, etc.) for the general fund, which is the legal level of budgetary control. Budget control for other funds is monitored at the total fund level. Monies appropriated but not expended in the general fund, special revenue funds and utility enterprise funds lapse to the fund equity accounts at the end of the year unless re-appropriated to the subsequent year through a formal budget amendment. Any amounts earmarked for specific programs or purposes in special revenue funds or capital projects funds that remain uncompleted at the end of the year are carried forward to the following year until the project is completed or the balance is transferred to other eligible projects.
3. The City uses encumbrances with respect to certain unexpended general fund appropriations. An encumbrance is a method of obligating monies for future expenditures through a formal commitment to obtain goods or services intended to be purchased with current year budget authority through the issuance of a purchase order or an approved contract.
4. The annual general fund budget does not contain a contingency appropriation established to cover unexpected situations or emergencies. Department budgets are prohibited from containing planned contingencies.
5. The City of Fond du Lac historically has sought to provide stable tax rates and utility charges to its customers. This philosophy means that in developing the tax and fee components of the budget, the City looks to provide annual increases that bear some relationship to the rate of inflation. Artificially reducing the tax rate or utility rates in one year, followed by double-digit increases in the next year, has been determined to be unacceptable by City Council, City residents, the City Manager, City staff and bond rating agencies. This philosophy recognizes that to provide the same or increased level of services desired by the City's residents, costs do increase over time.

CITY OF FOND DU LAC

Description of City Funds and Accounting Structure

The accounts of the City are organized on the basis of funds, each of which is considered a separate accounting entity. Certain of the City's funds are classified according to generally accepted accounting principles as major funds (generally defined as having total assets, liabilities, revenues or expenditures/expenses totaling 10% of either governmental or enterprise fund types, or 5% of all funds combined). The City's fiscal year is the calendar year. As required by Wisconsin Statutes, appropriated budgets are adopted for the City's funds, which are classified and defined as follows:

GOVERNMENTAL FUND TYPES

These are the funds through which most of the functions of the City are financed. These funds are budgeted on a modified accrual basis of accounting. The focus of the modified accrual basis of accounting is on available spendable resources; that is, the flow of resources into and out of the organization providing services. The reported fund balance of a governmental fund represents a measure of the available spendable resources. Under the modified accrual basis of accounting, revenues are recognized when measurable and available. Available means collectable within the current period or soon enough thereafter to be used to pay liabilities of the current period. Expenditures, other than interest on long term debt, are recorded when the liability is incurred, if measurable. The following are the City's governmental fund types:

General Fund – The general fund is the main operating fund of the City. It is used to account for all financial resources except those required to be accounted for in another fund. The general fund is a major fund. The major revenue sources for the general fund are the property tax levy, State aids, licenses, permits, fines, user fees and other funding sources.

Special Revenue Funds – Special revenue funds are used to account for those activities for which monies are restricted or committed for a specific purpose, with a specific revenue source making up a substantial part of the funding resources, and the expenditures are restricted or committed for specific programs. Special revenue funds utilized by the City include:

Library	HAZMAT Interagency Agreement
Residential Recycling	Harbor and Boating Facilities
Residential Solid Waste Collection & Disposal	City Grant Programs
Transit	Fuel Pump Maintenance
Tax Incremental Financing Districts	Public Safety Training Center
County Sales Tax	American Rescue Plan Act Funds

Debt Service Fund – The debt service fund is used to account for the accumulation of resources for, and the payment of, general obligation long-term debt principal, interest and related costs not funded by the proprietary (utility) funds. The debt service fund is a major fund. The major revenue source of the debt service fund is the property tax levy.

Capital Projects Funds – Capital projects funds are used to accumulate resources that are restricted, committed or assigned for the acquisition or construction of capital facilities or other capital assets, including equipment. For the capital projects fund (major fund), the City adopts an annual capital budget (the first year of the 5-year capital improvement plan). Once the budget is adopted, the individual capital project appropriations do not lapse. In budgeting for this fund, the City assumes that all budgeted amounts will be spent on the indicated projects within the fiscal year or shortly thereafter. As such, the capital projects fund balances are not considered available for appropriation for other purposes, and therefore such fund balances are not presented in this document.

The city also utilizes non-major capital projects funds to accumulate resources for and to avoid borrowing for future capital equipment replacements: the Public Works Equipment Replacement Fund, the Ambulance Equipment Replacement Fund, the Transit Equipment Replacement Fund and the Solid Waste Equipment Replacement Fund. The major funding sources for the Public Works Equipment Replacement Fund is the proceeds from industrial park land sales, the sales of other City property and transfers from the general fund from the annual property tax levy. The major funding source for the Ambulance Equipment Replacement Fund is the designation of a portion of ambulance billings for future ambulance equipment replacements. The major funding source for the Transit Equipment Replacement Fund is annual transfers from the Transit Special Revenue Fund. The major funding source for the Solid Waste Equipment Replacement Fund is the designation of a portion of the residential solid waste fees for future program equipment replacements.

PROPRIETARY FUND TYPES

These fund types are used to account for activities funded primarily through user charges. The basis of accounting used to budget such funds is accrual accounting. The focus of accrual accounting is primarily upon the determination of net income and the maintenance of capital. Therefore, included within these funds are all assets and liabilities associated with the fund's operations. Revenues are recognized under the accrual basis of accounting when earned, and expenses are recorded as soon as they result in liabilities, notwithstanding that the receipt or payment of cash may take place in another accounting period. For budgetary control purposes, the City also appropriates the capital expenditures for the proprietary funds within the proprietary funds. The City prepares budgets for the following proprietary fund types:

Enterprise Funds – Enterprise funds are used to account for operations that are financed and operated in a manner similar to private business, where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges. Budgets for the City's Water and Wastewater Utility enterprise funds, which are major funds, are included herein. The primary revenue sources for the enterprise funds are utility customer user fees.

Internal Service Funds – Internal service funds are used to account for the financing of goods or services provided by one City department to other City departments. Internal service funds utilized by the City include the self-funded Employee Health Insurance Fund and the Information Technology Services Fund.
