Addendum #2

This addendum is being used to share all questions that have been received to date and give answers to the plan holders.

- Is there a set substantial or final completion date?
 - No, we would like it done this year but realize it's getting late in year and will be weather dependent and contractors schedule's may be full for this year.
- The wage determinations have been updated and do not specifically have a classification for the roofing or carpenter wage since this bid was posted, who should be reaching out for these?
 - The Redevelopment Authority of the City of Fond du Lac will be requesting this information. This process can take up to 6-8 weeks to receive the determinations.

All bidders are instructed to indicate thee addenda acknowledged in their proposal. For example if no other addenda is issued, the proposal envelope should state "Addendums 2 acknowledged".
