### Bid 2024-082: Train Depot Roof 6/14/2024 Addendum #1

This addendum is being issued to share all questions that have been received to date and give the answers to all plan holders.

- There was a question regarding re-decking as needed option (Unit Price). For similar projects, contractors have seen local lumber yards cut wood per spec. Would simply providing price per linear ft. per board be sufficient for bidding purposes?
  - Yes. That would be fine. Please make sure you specify on the bid document the unit of measurement.
- The copper gutter does need to be reinstalled on the turret.
- The fascia board is not a part of the roof project.

All bidders are instructed to indicate the addenda acknowledged in their proposal. For example if no other addenda are issued, the proposal envelope shall state “Addenda 1 acknowledged”.

Best regards,

Cameron Fails  
Deputy Procurement Officer
