We, the undersigned, request to begin footing and foundation work prior to approval of the plans in accordance with SPS 320.09, SPS 361.32 and the city's Municipal Code. Plans have been submitted to the Building Inspection Department and all information requested by Code has been included with the submittal. We agree to make any changes required after the plans have been reviewed and to remove or replace non-code complying parts of the foundation and or footings. We agree to proceed with the footings and foundation only and will not continue with the remainder of the building or structure until Building Permit fees have been paid , the permit has been issued and permit has been posted.

<u>CAUTIONARY STATEMENT TO OWNERS OBTAINING BUILDING PERMITS</u>		
<p>101.65 (1r) of the Wisconsin Statutes requires municipalities that enforce the Uniform Dwelling Code to provide an owner who applies for a building permit with a statement advising the owner that:</p> <p>If the owner hires a contractor to perform work under the building permit and the contractor is not bonded or insured as required under s.101.654(2)(a), the following consequences might occur:</p> <p>a) The owner may be held liable for any bodily injury to or death of others or for any damage to the property of others that arises out of the work performed under the building permit or that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.</p> <p>b) The owner may not be able to collect from the contractor damages for any loss sustained by the owner because of a violation by the contractor of the one and two family dwelling code or an ordinance enacted under sub. (1)(a), because of any bodily injury to or death of others or damage to the property of others that arises out of the work performed under the building permit or because of any bodily injury to or death of others or damage to the property of others that is caused by any negligence by the contractor that occurs in connection with the work performed under the building permit.</p> <p>You are hereby advised that the owner, as defined in 101.01(2) (e) of Wisconsin State Statutes, is responsible for all code requirements not specifically cited herein.</p> <p>Projects Involving Building Built Before 1978: If this project is in a dwelling or child-occupied facility, built before 1978, and disturbs 6 square feet or more of paint per room, 20 square feet or more of exterior paint, or involves windows, then the requirements of ch. DHS 163 requiring Lead-Safe Renovation Training and Certification apply.</p> <p>The applicant agrees to comply with the Wisconsin Uniform Dwelling Code, Wisconsin Enrolled Commercial Building Code, and all other applicable codes and municipal ordinances and with the conditions of this permit. The applicant understands that the issuance of the permit creates no legal liability, express or implied, on the department or municipality; and certifies that the information is accurate. The applicant agrees to allow the building inspection and assessing staff to access to the property for the inspection of this permit.</p> <p><i>The primary applicant is responsible for calling and scheduling all inspections to close out the permit once work is complete.</i></p>
