## **Department of Administration**

**Date:** August 21, 2013

**To:** City Council

**From:** Hal Wortman, Director of Administration 

**Re:** List of Claims

The list of claims for goods and services for the payment periods August 3, 2013 through August 16, 2013 for all funds total \$2,336,060.85. Wisconsin statute 66.0609 (2) requires the comptroller to file, at least monthly with the City Council, a list of approved claims paid.

Suggested Motion: Receive and File

# ***CITY OF FOND DU LAC - Memorandum***

---

**Department of Administration**

**To:** City Council  
Joe Moore, City Manager

**From:** Hal Wortman, Director of Administration 

**Date:** August 22, 2013

**Subject:** Reports of Officers – August 28, 2013  
City Assessor – 2014 Revaluation

At the August 28, 2013 City Council meeting, Mr. Mike Grota of Grota Appraisals, LLC, will present a report on the upcoming 2014 City-wide revaluation. Grota Appraisals is the City's contract property assessment firm. Mr. Grota will provide information regarding the purposes and reasons for the revaluation as well as the timeline for the work to be done.

It has been the City's practice to revalue all taxable property every four years. The last City-wide revaluation was completed in 2010. The primary purposes of a revaluation are to place all properties at current market value and to help assure that property taxes are distributed fairly and uniformly.

The revaluation will have no effect whatsoever on the amount of property tax revenue the City receives. The property tax levies which are set by the various taxing jurisdictions such as the City, County and School District determines the amount of property tax money each of those agencies receives.

August 13, 2013

City of Fond du Lac  
Hal Wortman  
160 S. Macy St.  
Fond du Lac, WI 54935

Re: 2014 City-wide revaluation

Common Council,

Past City policy was to perform a revaluation every 4-years. The type of revaluation would be dictated by the condition of the assessment records, resources available and the economic environment at time of the revaluation.

With the last revaluation being performed in 2010, a market update, and the condition of the assessment records being adequate, it is my opinion that the market update in the 2014 City budget be completed to assure all property owners a uniform and equitable assessed value in line with the current market.

Market conditions have changed since 2010 for most properties, buying trends have changed giving weight than in the past to location, condition and usefulness.

We do not expect values for any individual property to increase/decrease a large percentage and are not expecting a large turnout at either open book or board of review. In years past it was typical to have contact with 8-10% of the property owners at open book. In revaluations the past 2-years we have seen less than 5% at open book and expect to see similar results in Fond du Lac.

We believe it is a perfect time to perform a market update revaluation in the City.

Feel free to contact me should you have any questions.

Michael L. Grota  
Assessor City of Fond du Lac

## City of Fond du Lac Timeline for project completion

- \* June - September 2013, After completion of the 2013 Board of Review, reconcile data in existing property record cards with Multiple Listing Service (MLS) reports for sold properties and those currently listed
- \* July - November 2013, take new digital photographs of all residential improved property sales (should weather interfere, completion will be attained in early Spring 2014)
- \* August - October 2013, all sales will be field reviewed to assure property information is correct and verify each sale appears to be arms length
- \* August - October 2013, input recent sales information, begin analysis of sales and start the value trending process
- \* October 2013 - February 2014, continue analysis of sales neighborhood by neighborhood, start final review process to assure that individual property values are in line with the market value
- \* February - May 2014, discuss equalized values versus sales of property with the Department of Revenue to assure the City's equalization is fair and correct
- \* December 2013 - February 2014, complete the final review process
- \* February 2014, set dates for Open Book and Board of Review (Late May or early June 2014)
- \* March 2014, print the assessment roll, print new notices of assessment, print a letter of explanation to be enclosed with the new notice of assessment
- \* March 2014, mail notices of assessment to all property owners
- \* Early April 2014, set appointments with homeowners for Open Book meetings
- \* Late April 2014, Hold Open Book sessions, mail letters of determination to all taxpayers requesting an assessment review
- \* Late May, early June 2014, Hold Board of Review

- \* June 2014, after completion of Board of Review, turn over all information used in the valuation of City property, along with material previously provided by the City

Grota Appraisals staff will be providing updates to Administrator Wortman during the revaluation process. As major decisions present themselves, administration will be included to insure they are aware should critical decisions need to be made that could have impact beyond assessed values.

We look forward to working with City staff on this project, please contact our office should you have any questions.

**Department of Administration**

**To:** City Council  
Joe Moore, City Manager

**From:** Hal Wortman, Director of Administration 

**Date:** August 22, 2013

**Subject:** Reports of Officers – August 28, 2013  
Wastewater Utility Early Bond Repayments

On the agenda for the September 11, 2013 City Council meeting will be a resolution calling for the early repayment in full of the remaining principal balance for the 2005 Wastewater Utility revenue bonds. The \$250,000 extra principal payment for 2014 and 2015 will be made on November 1, 2013 along with the scheduled 2013 payment. The early payments will result in the Wastewater Utility saving \$17,500 in scheduled 2014 and 2015 interest costs. Available Wastewater Utility cash balances will be used to make the early principal payments.

## **Department of Administration**

**To:** City Council  
Joseph Moore, City Manager

**From:** Hal Wortman, Director of Administration 

**Date:** August 22, 2013

**Subject:** Refinancing the 2002 and 2003 Water Revenue Bonds

Mr. Paul Thompson of Hutchinson, Shockey, Erley & Co. will be presenting information at the August 28, 2013 City Council meeting regarding the upcoming bond issue to refinance the Water Utility's 2002 and 2003 Water Revenue Bonds. Mr. Thompson will provide information on the expected interest rates and principal and interest payment schedules.

The new bonds will result in lower interest rates than the bonds they are replacing. The new bonds will have an estimated interest rate of 2.93% compared to 5.09% on the 2002 bonds and 4.98% on the 2003 bonds. The refinancing will result in an estimated interest savings of \$521,000 over the remaining 10 year term of the bond issues. The 10 year repayment term of the new bonds will remain the same as the old bonds they are replacing.

Resolutions to approve the debt refinancing will be placed on the September 11, 2013 City Council meeting agenda. Mr. Thompson will attend that meeting and will provide the City Council with the final actual interest rates and repayment schedules resulting from the bond sale.

# *CITY OF FOND DU LAC - Memorandum*

---

## **Department of Administration**

**To:** City Council  
Joseph Moore, City Manager

**From:** Hal Wortman, Director of Administration 

**Date:** August 22, 2013

**Subject:** Budget and Financial Management Policies

With this memo you will find a list of formal budget and financial management policies. These formal policies will be included in the 2014 budget document which you will receive next month.

The purpose of the policies is to define, document and formalize the City's budget and financial management policies and practices. Standard & Poor's, the City's bond rating agency, has noted in its past bond ratings for the City its preference that the City formalize its financial management practices. The policies serve as a useful guide for managing the City's financial health over the long-term. Also, the City's auditors and the Government Finance Officers Association, in its standards for reviewing the City's Comprehensive Annual Financial Report for the Certificate of Achievement for Excellence in Financial Reporting program, would like documentation regarding the City's financial and budgeting policies in these areas.

The budget and financial management policies are based on fiscally prudent financial management best practices as well as the practices the City has actually followed in the past. The policies include:

- Balanced Budget Policy
- Budget Development Policy
- Budget Amendment Policy
- Fund Balance Policy
- Revenue Policy
- Debt Policy
- Capital Improvement Plan Policy
- Investment Policy

## **CITY OF FOND DU LAC BUDGET AND FINANCIAL MANAGEMENT POLICIES**

The budget of the City of Fond du Lac serves as a comprehensive, rational guide for financial planning and operations management throughout each fiscal year. This section describes the financial policies and procedures that guide the development and monitoring of budget for the City, both on a long-term and annual basis. The formally adopted financial policies that address budgetary issues are:

### Balanced Budget Policy

A balanced budget is a budget in which revenues and expenditures are equal. An overriding goal of the City's operating budget policy is to achieve a structural balance over a long-term period, recognizing that in certain periods revenues and expenditures may not equal. A balanced budget for the general fund is defined as revenues and other sources equal to or exceeding operating expenditures. Other sources can include that portion of general fund balance that is allowed to be budgeted for use according to the City's fund balance policy. Balanced budgets for the enterprise funds are defined as providing sufficient revenues to support the operations, capital and debt service needs of those funds, without subsidy from the general fund, and enterprise fund revenues shall not be used to subsidize other City funds. Charges from internal service funds shall be sufficient to support such activities, with no trend of operating deficits.

### Budget Development Policy

This policy sets forth the process for the development, review and adoption of the City budget, in conjunction with the provisions of the City Code and Wisconsin Statutes.

Each year the City Manager prepares a budget development calendar to guide City staff and the City Council in the development of the annual budget. The annual budget development process includes the approval by the City Manager of budget parameters to guide development of department budgets. The budget goals and priorities from the City Council are also used as a tool in the budget development. Department budget requests are reviewed by the City Manager who works to develop the annual budget with assistance from the Director of Administration. The City Manager's executive budget, consisting of recommendations on department requests, is then presented to the City Council for its review and approval.

State Statutes and local ordinance prescribe the process of budget review and adoption for the City. The laws require public input in the budget process, including the publishing of a budget summary in the local media. Formal public input is provided at the official public hearing before the City Council.

## Budget Amendment Policy

The City's budget amendment policy provides guidance as to changes in adopted budgets. Under Wisconsin law, the budget may be amended by a 2/3-majority vote of the City Council. Such a majority is required both for additional appropriations and for changes or transfers between appropriations. Appropriations are defined as functional expenditure categories such as general government, public safety, etc. for the general fund, and the total budget for all other funds.

Budget transfers between individual line items within the functional expenditure appropriation categories in the general fund and at the total fund level for all other funds may be approved by the Director of Administration, provided that total expenditures do not exceed the total budgeted amounts approved by the City Council.

## Fund Balance Policy

The City's fund balance policy addresses the desired level of fund balance to be maintained in the general fund of the City. In addition, sufficient fund equity should be maintained in the utility enterprise funds for operating budget flexibilities, debt service and capital replacement needs.

1. The City will maintain an unassigned general fund balance to provide necessary working capital to avoid cash flow interruptions and short-term borrowing to fund daily operations of at least 15% of budgeted expenditures for the subsequent year. This general fund balance working capital amount is used to generate interest income and to assist in maintaining the City's "AA-" bond rating.
2. Projections of the City's fund balances for each year ended December 31 are provided in the summary section of the adopted budget document.
3. There will be no shifting from fund balances to offset continuous on-going operating costs, except to phase in new major services costs or one-time project costs, which are unlikely to be repeated.
4. When both assigned and unrestricted fund balances are available for use, it is the City's policy to use assigned fund balance first, then unrestricted fund balance. Furthermore, committed fund balances are reduced first, followed by assigned amounts and then unassigned amounts when expenditures are incurred for all spendable, unrestricted revenue amount in the special revenue funds.
5. Fund balances of the special revenue funds, the debt service fund, capital projects funds, enterprise funds and internal service funds are assigned to be used for the purposes for which the funds were established.

## Revenue Policy

1. The City relies on property tax as its main source of local tax revenue to fund local programs and services. Property taxes account for approximately 45% of total general fund and special revenue fund revenues.
2. Levy Limit. The City's property tax levy is subject to State-mandated property tax levy limits. The law allows the City to increase its property tax levy by the percentage growth in equalized value due to net new construction, plus the increase in general obligation debt principal and interest payments from the previous year. The City's budget meets the property tax levy limit.
3. Use Fees. The City attempts to maintain a diversified and stable revenue stream. Service fee charges (user fees) are implemented for services that can be individually identified and where costs can be directly related to the level of service provided. The City's budgeting philosophy is to annually review and provide at least nominal inflationary increases on appropriate user fee charges for services to cover the increasing costs of providing those services.
4. Intergovernmental grant requests are subject to fiscal review before the grant application is submitted. The purpose of this review is to ensure that the grants do not create an obligation for unfunded future expenditures relating to the grant, and to provide an overall budgetary review of grant proposals.
5. One-time revenues shall not be used to fund continuous operating costs, except to manage a short-term spike in program costs, such as the phasing of a new or expanded program, making investments that have future payoffs, and to smooth out the impacts of significant state and/or federal funding reductions.

## Debt Policy

The City's debt policy provides guidance to ensure that long-term debt is utilized appropriately and in a fiscally prudent manner. Elements of the policy include:

1. Limiting long-term borrowing to capital improvements or other long-term projects which cannot and, appropriately should not, be financed from current revenues and/or funds established for equipment replacement. Debt will not be used to finance current operations, nor will long-term debt be used to finance the cost of short-lived assets.
2. Final maturity of bonds and notes should not exceed the expected useful life of the underlying project or assets for which the debt is being issued.

3. The statutory limit on general obligation debt is five percent (5%) of the equalized valuation of all taxable property within the City. The City's debt policy guidelines further limits such debt to 60% of the legal debt limit (3% of the equalized value).
4. Debt issues should be structured to achieve reasonable and prudent principal retirement and maximize flexibility for the City's interests (e.g., call provisions).
5. Provide a cap on total annual debt service for general obligation debt (exclusive of that funded by enterprise operations and tax increment districts) of 30% of the City's total annual general operating revenues.
6. Maintain good communications with bond rating agencies regarding the City's financial condition, and provide for full disclosure in all financial reporting including official statements and continuing disclosure agreements.

#### Capital Improvement Plan Policy

1. The City prepares and adopts a five-year capital improvement plan which provides comprehensive planning, budget stability and analysis of the long-term capital needs of the City. The plan describes each capital project, estimates the project costs, prioritizes projects, identifies funding, considers alternatives, and estimates the impact on the annual budget.
2. The five-year capital improvement plan will consider major equipment replacement needs, as well as other anticipated capital expenditures. All City departments, including the water and wastewater utilities, prepare a five-year capital improvement plan, and the plan is updated annually.
3. Provide an affordability analysis, including consideration of annual limits on total capital expenditures and the impact of capital projects on future property tax and utility rates and fees necessary to fund debt service.
4. Coordinate the development and approval of the annual capital improvement budget with the development of the operating budget, and consider future operating costs associated with new capital improvements.
5. Capital improvement expenditures shall include amounts expended for equipment or other assets with a useful life of seven years or more and which involve amounts of \$25,000 or more.
6. Other practices followed with respect to the capital budget include the use of cash funding where feasible and appropriate, and the establishment of replacement funds. Examples include: infrastructure maintenance activities funded with current tax or utility rate revenues, and vehicle and equipment replacement funds established for the replacement of vehicles and major equipment.

7. Budget balances appropriated in capital improvement funds are designated for specific projects and are carried forward until the project is complete or the balance is transferred to other eligible projects.

### Investments Policy

The City has adopted an investment policy with the primary objectives of preservation of capital in order to protect investment principal, maintaining liquidity, and maximizing returns on investment, in that order of priority. Investments are primarily limited to U.S. Treasury obligations, U.S. Government Agency Securities, municipal bonds, and the State of Wisconsin Investment Pool. The City's Comprehensive Annual Financial Report (CAFR) complies with Governmental Accounting Standard Board (GASB) Statement 40 regarding disclosure of various investment risks, such as interest rate and custodial credit risk.

### BUDGET PRINCIPLES

In addition to the formal policies adopted by the City, there are several principles that the City uses as policy guidance for the budget, particularly with respect to operating budgets. They are as follows:

1. The City has adopted a program/service budget format, to convey the policies and purposes of City operations in a user-friendly form. The City also prepares line-item budget information for management control purposes, and for those users who are interested in such information.
2. According to Wisconsin Statutes, the budget is adopted on a functional basis (general government, public safety, etc.) for the general fund, which is the legal level of budgetary control. Budget control for other funds is monitored at the total fund level. Monies appropriated but not expended in the general fund, special revenue funds and utility enterprise funds lapse to the fund equity accounts at the end of the year unless re-appropriated to the subsequent year through a formal budget amendment. Any amounts earmarked for specific programs or purposes in special revenue funds or capital projects funds that remain uncompleted at the end of the year are carried forward to the following year until the project is completed or the balance is transferred to other eligible projects.
3. The City uses encumbrances with respect to certain unexpended general fund appropriations. An encumbrance is a method of obligating monies for future expenditures through a formal commitment to obtain goods or services intended to be purchased with current year budget authority through the issuance of a purchase order or an approved contract.

4. The annual general fund budget does not contain a contingency appropriation established to cover unexpected situations or emergencies. Department budgets are prohibited from containing planned contingencies.
5. The City of Fond du Lac historically has sought to provide stable tax rates and utility charges to its customers. This philosophy means that in developing the tax and fee components of the budget, the City looks to provide annual increases that bear some relationship to the rate of inflation. Artificially reducing the tax rate or utility rates in one year, followed by double-digit increases in the next year, has been determined to be unacceptable by City Council, City residents, the City Manager, City staff and bond rating agencies. This philosophy recognizes that to provide the same or increased level of services desired by the City's residents, costs do increase over time.

Kwik Trip Incorporated has notified the City regarding a Change of Agent request for the following store location in the City of Fond du Lac: Store #606 located at 471 N. Park Avenue. Teri Rebek will be the new licensed agent for this establishment. Background checks conducted on Ms. Rebek, both in-house and NCIC/CIB, indicate no prior criminal history that would preclude the issuance of the change of agent request. The Police Department has no objections to the change of agent request.

July 24, 2013

City Clerk  
City of Fond du Lac  
County Government Center  
P.O. Box 150  
Fond du Lac, WI 54936-0150

RE: Agent Appointment  
Kwik Trip #606  
471 N. Park Ave.

Dear City Clerk:

Effective August 9, 2013 a new manager, Teri Rebek, will take over management responsibilities of our Kwik Trip #606 store in Fond du Lac. Therefore, we would like to assign Teri as the agent of the store. Steve Miller will no longer act as agent for this store.

Enclosed please find completed Appointment of Agent and Auxiliary Questionnaire. Also enclosed is \$10 to cover the administrative fee for this change request. We respectfully request that you include these items on the agenda of your next City Council meeting for consideration.

Please contact Deanna Hafner at 608/793-6262 if you require anything further relating to this change.

Very truly yours,

  
Donald P. Zietlow, President

# ***CITY OF FOND DU LAC - Memorandum***

---

**City Attorney/Human Resources Department**

**Date:** August 22, 2013

**To:** Joe Moore, City Manager

**From:** Chad Wade, Assistant City Attorney/H R Manager

**Re:** Draft changes to Chapter 5, Fire Code relating to fire pits.

During the previous City Council meeting, the Council discussed the possibility of extending the hours for open burning in residential areas. At that time, Council asked staff to research bring the issue back to Council for further discussion. The City Attorney's office has researched the ordinance and considered ways it may be amended to extend the hours of permissible open burning. This memo summarizes the City Attorney's Offices findings.

The current time restrictions were adopted in 2007 as part Ordinance No. 3322. Ordinance No. 3322 was a comprehensive proposal to bring Chapter 5 of the Fond du Lac Municipal Code into conformance with State Law and ordinances passed by surrounding communities.

For our discussion, the relevant portion of the Municipal Code is Chapter 5.29(3)(b)7. That section specifically states: "Recreational fires shall be permitted only from 11 a.m. to 11 p.m."

It has been proposed that the time allowed to have a recreational fire be extended by one (1) hour to midnight. Therefore, amending the ordinance to extend the permissible hours for recreational fires could be accomplished by simply changing the time listed in the ordinance from "11 p.m." to "12 a.m."

If you have any questions, please feel free to contact me.

OUTDOOR STREET CONCERT ON SEPTEMBER 14, 2013**

**WHEREAS**, the Thelma Sadoff Center for the Arts will hold an Outdoor Street Concert on Sheboygan Street between Portland and Marr Streets in the City of Fond du Lac on September 14, 2013; and

**WHEREAS**, to permit this event and encourage participation, it is in the interest of the City to authorize the use of certain streets as contemplated by Section 8.04 of the Code of Ordinances of the City of Fond du Lac, Wisconsin, and to waive the prohibition against public consumption in Section 9.02 of such Code as described herein.

**NOW, THEREFORE, BE IT RESOLVED** by the City Council of the City of Fond du Lac that it is hereby determined to be in the interest of the City to authorize, in accordance with Code Section 8.04, the use of Sheboygan Street between Portland and Marr Streets for an Outdoor Street Concert on September 14, 2013 and to waive the prohibition against public consumption contained in Code Section 9.02 between 5:00 p.m. and 10:30 p.m.

**BE IT FURTHER RESOLVED** that the prohibition against consumption contained in Code Section 9.02 is hereby waived as set forth by this Resolution.

**BE IT FURTHER RESOLVED** that notwithstanding anything in this Resolution, no glass containers or carry-ins are permitted in the area where the public consumption prohibition hereby waived would otherwise apply, meaning that the prohibition contained in Code Section 9.02 shall continue to apply to glass containers and carry-ins.

Re: Thelma Sadoff Center For The Arts Outdoor Street Concert

The Thelma Sadoff Center For The Arts will hold an Outdoor Street Concert on Sheboygan Street between Portland Street and Marr Street on September 14, 2013.

Resolution No. 8424 on the City Council agenda would waive our outdoor consumption ordinance between 5:00 PM and 10:30 PM on Sheboygan Street adjacent to the Thelma so attendees of this event may consume alcoholic beverages within the designated concert area during the event.

This event will be fun and provide good exposure for the community. I recommend approval of the request.

Please contact me if you or any members of Council have any questions about the event.

Thank you.

# THELMA

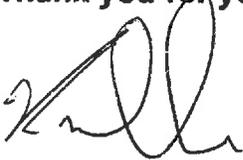

**August 20, 2013**

**Dear Fond du Lac City Council,**

**On September 14<sup>th</sup>, 2013 Thelma Sadoff Center for the Arts will be hosting an outdoor concert on Sheboygan St. The street will serve as the venue for this concert and will be enclosed by means of an eight foot tall fence with entrances/exits on the West and East ends of the area. (Exact dimensions of the event area included with permit for street closure.) We are requesting that the City suspend the ordinance that forbids the consumption of alcohol in public from 5:00 pm until 10:30 pm. The area effected by the suspension of the ordinance will be the street and sidewalks enclosed by our venue fencing.**

**Beginning immediately after the conclusion of the event, Thelma Sadoff Center for the Arts will clean the area and remove the fence and all debris created by the event. We will cease the sale of alcoholic beverages (wine, beer and malt beverages only) at 10:00 pm to facilitate the expedited cleanup of the venue area.**

**Thank you for your consideration of this matter,**

**Kevin Miller  
Executive Director**
