To: Historic Preservation Commission
From: Dyann Benson, Redevelopment Planner
RE: Review of Exterior Alterations - Windows

Location: 131 Gillett Street
Applicant: THD At Home Services, Contractor
Historic Designation: Local Individual Designation-1993
Gillett House

Applicable Historic Preservation Ordinance

Section 374-5 Powers and duties of Commission

B. Regulation of construction, reconstruction and exterior alteration.

(1) Any application for a permit from the Building Inspector involving the exterior of a designated historic site or structure within a historic district shall be filed with the Historic Preservation Commission.

(2) No owner or person in charge of an historic site or structure within an historic district shall reconstruct or alter all or any part of the exterior of such property or construct any improvement upon such designated property or properties within an historic district or cause or permit any such work to be performed upon such property unless a Certificate of Appropriateness has been granted by the Historic Preservation Commission. Unless such certificate has been granted by the Commission, the Building Inspector shall not issue a permit for any such work.

(3) Review of Application

(a) Upon filing of any application with the Historic Preservation Commission, the Historic Preservation Commission shall determine:

(1) Whether, in the case of a designated historic structure or site, the proposed work would detrimentally change, destroy or adversely affect any exterior architectural feature of the improvement upon which said work is to be done; and

(2) Whether, in the case of the construction of a new improvement upon a historic site, the exterior of such improvement would adversely affect or not harmonize with the external appearance of other neighboring improvements on such site; and

(3) Whether, in the case of any property located in an historic district designated pursuant to the terms of Subsection D, hereunder, the proposed construction, reconstruction or exterior alteration does not conform to the objectives and design criteria of the historic preservation plan for said district as duly adopted by the City Council of the City of Fond du Lac.

(b) In cases of a designated historic site which has had its principal structure completely destroyed by fire, demolition, other means, or conditions noted in Section 11.16I., the plan review requirements of 11.16 E.2 shall not apply unless there is a designated historic site, historic structure, or historic district within 200 feet of the historic structure that has been destroyed.

(4) If the Commission determines Subparagraphs (1), (2), and (3), of Paragraph c. above in the negative, it shall issue the Certificate of Appropriateness.

Background

The property at 131 Gillett Street was locally designated in 1993. The basis for its historical significance is Criteria C - Architecture. The home is an example of Second Empire architecture. The local designation nomination indicated that this is one of the two (2) Second Empire homes in the City that has a rectangular plan with steeply pitched mansard roof.

The current property owner is El Houssain & Marie Soummami.

Request

The request is to replace five (5) windows – four (4) attic windows and one (1) double hung window on the second floor. The new windows are vinyl window inserts for the framing of the windows that are currently there. The proposal includes wrapping the molding around the windows with aluminum coil except for the decorative molding at the top.

Considerations

The request being presented to the Historic Preservation Commission is for an exterior alteration to the building located at 131 Gillett Street. The exterior alteration is to replace five (5) windows.

Under the ordinance, the HPC can grant a Certificate of Appropriateness if the proposed alteration meets certain conditions.

Staff is recommending approval by the Historic Preservation Commission for the proposed exterior alteration for the deck subject to the following:

- In the case of this locally designated property, the proposed alteration would not detrimentally change, destroy or adversely affect any exterior architectural feature of the improvement upon which said work is to be done since vinyl windows are inserts into the existing window frames.*
- The molding around each window shall not be wrapped in aluminum coil in order to maintain the historic character of the property.*

Customer agrees that, immediately upon completion of the work for each Product, Customer will execute a Completion Certificate (one for each Product as defined by an individual Spec Sheet) and pay any balance due. As applicable, each Customer under this Contract agrees to be jointly and severally obligated and liable hereunder.

The Home Depot reserves the right to issue a Change Order or terminate this Contract or any individual Product(s) included herein, at its discretion, if The Home Depot or its authorized service provider determines that it cannot perform its obligations due to a structural problem with the home, environmental hazards such as mold, asbestos or lead paint, other safety concerns, pricing errors or because work required to complete the job was not included in the Contract.

Payment Summary: The Payment Summary # 91974C, included as part of this Contract, sets forth the total Contract amount and payments required for the deposits and final payments by Product (as applicable).

NOTICE TO CUSTOMER

You are entitled to a completely filled-in copy of the Contract at the time you sign. Do not sign a Completion Certificate (note: there is one Completion Certificate for each listed Product as defined by individual Spec Sheets) before work on that Product is complete.

In the event of termination of this Contract, Customer agrees to pay The Home Depot the costs of materials, labor, expenses and services provided by The Home Depot or Authorized Service Provider through the date of termination, plus any other amounts set forth in this Agreement or allowed under applicable law. THE HOME DEPOT MAY WITHHOLD AMOUNTS OWED TO THE HOME DEPOT FROM THE DEPOSIT PAYMENT OR OTHER PAYMENTS MADE, WITHOUT LIMITING THE HOME DEPOT'S OTHER REMEDIES FOR RECOVERY OF SUCH AMOUNTS.

Acceptance and Authorization: Customer agrees and understands that this Agreement is the entire agreement between Customer and The Home Depot with regard to the Products and Installation services and supersedes all prior discussions and agreements, either oral or written, relating to said Products and Installation. This Agreement cannot be assigned or amended except by a writing signed by Customer and The Home Depot. Customer acknowledges and agrees that Customer has read, understands, voluntarily accepts the terms of and has received a copy of this Agreement.

CITY OF FOND DU LAC - Memorandum

Department of Community Development

Date: November 13, 2014

To: Historic Preservation Commission

From: Dyann Benson, Community Development Director

Re: Bungalow Examples

The Historic Preservation Commission (HPC) has previously discussed ways to establish and meet local designation goals and have started to research bungalow style architecture in the community. At the August meeting, the HPC reviewed bungalow architectural characteristics and Commissioners selected neighborhoods to assist with the inventory.

Attached please find the handout format from a PowerPoint presentation that includes potential bungalow examples from Commissioners Huberty and Boyle for review and discussion by the HPC. At the meeting, staff will have additional information regarding approximate year of construction, exterior building materials and any building permit information related to the property.

To: Historic Preservation Commission

From: Dyann Benson, Community Development Director

Re: Education and Outreach – Local Historic Designation Booklet

The Historic Preservation Commission has been discussing opportunities to increase education and outreach of locally and nationally designated historic properties and districts.

Attached is a sample page from the proposed local historic designation booklet. The booklet will have a similar format to the updated report of the City's historical resources that was completed in 2011. Each locally designated property will have the details that supported local designation along with one or two photographs of the property. Upon completion, the document would be made available for on the City's website under Historic Preservation.

THE EBERT HOUSE

199 EAST DIVISION STREET

The house located at 199 East Division Street, locally known as the “Pink Lady” is a Queen Anne style residential structure. Our own Intensive Survey Report indicates that this home is more symmetrical and has more classical details typical of later versions of the Queen Anne style. The present owners have restored and maintained the home along with appropriate landscaping features.

The owner’s research indicates that the home was completed in 1892. The original owners were Rudolph and Louis Ebert. Their research also indicates that Mr. Ebert, a German immigrant, was the owner of an abstract and loan business, owner and president of the German Savings Bank in Fond du Lac, and owner of a lumber mill, as well as the Fond du Lac County Treasurer for six terms.

The house at 199 East Division Street appears to be eligible for designation as a local historic landmark under criteria “C” of Ordinance 2420, “Embody the distinguishing characteristics of an architectural type or specimen, inherently valuable for a study of a period, style, method of construction...” Secondly, it may be also be eligible under criteria “B”, “Are identified with historic personages or with important events in national, state or local history.”
