Police Investigate the Death of Infant

On July 7, 2015 at approximately 1:56 p.m., Fond du Lac Police and Fire/Rescue personnel responded to a report of a baby that was pulseless and non-breathing at an apartment in the 800 block of Martin Ave. Police and Fire Department paramedics arrived on the scene and immediately began providing life saving measures to the infant. The 14-month- old male infant was transported to St. Agnes Hospital where the child was pronounced dead.

The investigation into the circumstances that lead up to the death of the infant is active and ongoing at this time. No other details are being released at this time pending the outcome of the investigation.
