<b>EXECUTIVE SUMMARY</b> .....	2
<b>HOUSING FEE REPORT</b> .....	2
<b>APPENDIX A: MUNICIPAL FEE SCHEDULES</b> .....	6

## EXECUTIVE SUMMARY

In 2018, the Wisconsin State Legislature approved new legislation which requires villages and cities of 10,000 population or more to provide two separate annual reports related to housing affordability and housing fees in an effort to shed light and foster change on affordable housing issues across the state. Specifically, this document meets the requirements for Wis. Stats. 66.10014 (Housing fee report) for the year 2022.

## HOUSING FEE REPORT

Requirements of this report include the following elements:

- 1) In this section, “municipality” means a city or village with a population of 10,000 or more.
- 2) Not later than January 1, 2024, a municipality shall prepare a report of the municipality's residential development fees. The report shall contain all of the following:
  - a. Whether the municipality imposes any of the following fees or other requirements for purposes related to residential construction, remodeling, or development and, if so, the amount of each fee:
    1. Building permit fee.
    2. Impact fee.
    3. Park fee.
    4. Land dedication or fee in lieu of land dedication requirement.
    5. Plat approval fee.
    6. Storm water management fee.
    7. Water or sewer hook-up fee.
  - b. The total amount of fees under par. (a) that the municipality imposed for purposes related to residential construction, remodeling, or development in the prior year and an amount calculated by dividing the total amount of fees under this paragraph by the number of new residential dwelling units approved in the municipality in the prior year.
- 3) A municipality shall post the report under sub. (2) on the municipality's Internet site on a web page dedicated solely to the report and titled “New Housing Fee Report.” If a municipality does not have an Internet site, the county in which the municipality is

located shall post the information under this paragraph on its Internet site on a web page dedicated solely to development fee information for the municipality.

- a. A municipality shall provide a copy of the report under sub. (2) to each member of the governing body of the municipality.

- 4) If a fee or the amount of a fee under sub. (2) (a) is not properly posted as required under sub. (3) (a), the municipality may not charge the fee.

**Part 2A:** The City of Fond du Lac imposes the following fees or other requirements for purposes related to residential construction, remodeling, or development. Only fees the City sets/collects are included in this report. Fees set by others, such as sanitary and utility districts, county and etc., are not included in this report. While the City of Fond du Lac does require a permit and fee when on-site stormwater management is needed for the project in compliance with Wisconsin DNR regulations, it does not assess fees associated with stormwater management. In addition, the City charges a \$225 stormwater connection fee. A complete copy of the fee schedule is included in the Appendix. **Table 1** lists the types and amounts of these fees:

**Table 1: Schedule of Fees (2022)**

Building permit fee (new construction + remodel permits)	Impact fee	Park fee	Land dedication or fee in lieu of land dedication requirement	Preliminary Plat Approval fee	Final Plat Approval fee	Stormwater management fee	Water or sewer hook-up fee
\$90 + \$0.14 per gross square foot (new 1 & 2-family); Or \$0.25 per gross square foot (multi-family)	N/A	N/A	\$400*	\$500 + \$20/Lot	\$400 + \$10/Lot	N/A	\$225

\*Public Site Fee (per new dwelling unit)

**Part 2B:** The total amount of fees under Part A that the City of Fond du Lac imposed for purposes related to residential construction, remodeling, or development in the prior year is listed in **Table 2**. This table only includes building and remodeling permit fees collected in 2022. It does not include fees collected for electrical, plumbing, HVAC, and other permits.

**Table 2: Fees Collected (2022)**

Building permit fee (new construction + remodel permits)	Land dedication or fee in lieu of land dedication requirement	Preliminary Plat Approval fee	Final Plat Approval fee	Water or sewer hook-up fee	Total Fees collected
\$419,921.59	\$38,000.00	\$840.00	\$0.00	\$12,375.00	\$471,136.59

The 2022 average total fee cost for a new residential housing unit has been calculated by dividing the total amount of fees collected by the number of new residential dwelling units approved in the City in the prior year (**Table 3**).

**Table 3: Approved Residential Dwelling Units by Type (2022)**

Single Family Building Units	2-Family Building Units	Multi-Family Building Units	Mobile Home Units	Total
19	12	62	3	96

**Calculation:**  $\$471,136.59 \div 96 = \$4,907.67$

In 2022, on average, the City of Fond du Lac collected \$4,907.67 in fees for each new residential dwelling unit approved within the municipality.

Remodeling projects do not typically include the following fees: impact, park, land dedication or fee in lieu of land dedication requirement, preliminary plat approval, final plat approval, stormwater management, and water and sewer hookup. In 2022, the City collected \$161,767.80 in remodeling fees.

**Calculation:**  $(\$471,136.59 - \$161,767.80) \div 96 = \$3,222.59$

The 2022 average total cost of each new residential dwelling unit, minus remodeling building fees was \$3,222.59.

Lastly, it should be noted that with the recent trend of creating mixed use developments (i.e. first floor retail and upper story apartments), many such projects are dealt with under commercial land development procedures. As such, residential units associated with these projects are not

considered in this report's platting and permitting data. This also has the effect of increasing the "cost per approved residential unit" as shown in **Table 3**.

**APPENDIX A: MUNICIPAL FEE SCHEDULES**

**City of Fond du Lac - Inspections Fee Schedule - 2022 Adopted EXHIBIT B**

Building Permit Fee Schedule		Project Deposit	
New 1 & 2-Family Dwellings, New Accessory Structures (*Fee includes: building permit, erosion control plan review, erosion Control). Gross area = finished & unfinished floor area of house/ garage/enclosed porches/decks/stoops)	Per gross square foot	1 & 2-Family Dwellings, Garages, Additions	\$1,000
	\$0.14	Multifamily:	\$1,000 plus \$200/d.u. over 2 units
		Demolition- Commercial/Industrial	Minimum \$1,000
Commercial/Industrial - New and Addition	\$0.25	Commercial/Industrial Valuation (job cost)*:	1% of job cost
Multi-Family - New and Addition	\$0.25	*Maximum Project Deposit to be capped at \$15,000	
*All New Structures or Additions minimum permit fee \$90		<b>Moving</b>	
<b>Alterations</b> to-commercial/industrial/multifamily building, residential, garage, permanent swimming pool, awning/canopy, converting or adding to a parking lot with pavement/concrete		Moving Permits: Up to 500 square feet	\$95
		Over 500 square feet	\$160
		Police Escort Fee	\$150
Valuation (Job Cost): \$0-300	\$25	*Cash Deposits:	
\$301-1,000	\$39	Deposit for completion of site improvements: \$2.00/sq. ft. of gross building area.
