## PROJECT INFORMATION

The City of Fond du Lac is proposing a pedestrian bridge construction project over the Fond du Lac River in Lakeside Park. The project will include a new pedestrian bridge and approach trail construction.

## PROJECT PURPOSE

Improve accessibility by providing a connection between Lakeside Park and Lakeside Park West.

## PROPOSED IMPROVEMENTS

- New 210-foot-long prefabricated box truss style bridge with a 12-foot clear bridge width and 10-foot overhead clearance.
- The bridge will provide an 18-foot navigational clearance above the Fond du Lac River.
- A 10-foot-wide paved trail will be provided on both of the approaches to the bridge.
- The trail and bridge will include lighting.
- A trail connection will be added to the Fraser Point Lookout.
- The frontage road along the east riverbank will be paved and include the addition of a parking lot.

## NEXT STEPS

- Design Completion – February 2023
- Bid Letting – March 2023
- Construction Start – May/June 2023
- Construction Completion – October/November 2023
