Benefits Guide

This guide outlines your employee benefits for 2024.
For more information, please consult Human Resources.

Benefits Basics

City of Fond du Lac offers a comprehensive suite of benefits to promote health and financial security for you and your family. This booklet provides you with a summary of your benefits. Please review it carefully so you can choose the coverage that's right for you.

Eligibility

As a City of Fond du Lac employee, you are eligible for benefits if you work at least 20 hours per week.

Benefits effective on your date of hire:

- Basic Life and AD&D
- Deferred Compensation
- EAP, Estate Guidance & Will Service, and Travel Assistance

You become eligible the 1st of the month following your date of hire unless you're hired on the 1st, then benefits will become effective immediately for:

- Medical
- Dental
- Vision
- Voluntary Life and AD&D
- Short-Term-Disability
- Long-Term Disability
- Accident, Critical Illness, and Hospital Indemnity coverage

Eligible Dependents

You may enroll your eligible dependents for coverage once you are eligible. Your eligible dependents include:

- Your legal spouse
- Your children or stepchildren up to age 26
- Your legally disabled child over age 26 (please see Human Resources for eligibility criteria)

Once your benefit elections become effective, they remain in effect until the end of the year unless you experience a qualified life event.

How to Enroll

Please review your current benefits, if applicable. Once you're ready to enroll, make your enrollment elections by completing the enclosed election form and returning it to Human Resources.

As a reminder, your benefit elections can have a significant impact on your health, well-being, and finances. Your benefits will take effect on January 1, 2024, and will remain in effect until December 31, 2024, so weigh your options carefully.

Remember that you may only change coverage if you experience a qualifying life event.

Qualified Life Events

Generally, you may change your benefit elections only during the annual enrollment period.

However, you may change your benefit elections during the year if you experience a qualified life event, including:

- Marriage, divorce, or legal separation
- Birth of your child
- Death of spouse or dependent child
- Adoption of or placement for adoption of your child
- Change in employment status of employee, spouse, or dependent child
- Qualification by the Plan Administrator of a child support order for medical coverage
- Entitlement to Medicare or Medicaid

You must notify HR within 30 days of the qualified life event. Depending on the type of event, you may be asked to provide proof of the event. If you do not contact HR within 30 days of the qualified event, you must wait until the next annual enrollment period to make changes (unless you experience another qualified life event).

Definitions

Copay

A copay is a fixed dollar amount that you will pay for a healthcare service or visit.

Coinsurance

After you meet your deductible for the year, you will be responsible for a certain percentage of the costs. This is known as coinsurance. For example, if the coinsurance amount is 10%, that means you will owe 10% of the cost after you have reached your deductible.

Deductible

A deductible is the portion that you must pay out-of-pocket before the plan pays for your healthcare expenses.

In-Network

Doctors, clinics, hospitals, and other providers with whom the health plan has an agreement to care for its members. Health plans cover a greater share of the cost for in-network health providers than for providers who are out-of-network.

Out-of-Network

Treatment received from doctors, clinics, hospitals, and other providers who are not in-network. A health plan may cover these costs, but covered employees will pay more out-of-pocket to use out-of-network providers than for in-network providers.

Out-of-Pocket Maximum (OOPM)

The most you pay during a policy period. When you've reached your OOPM, the Plan will pay 100% of covered healthcare services for the remainder of the plan year. OOPM includes deductibles, coinsurance, and copays.

Premium

The amount that must be paid for a health insurance plan by covered employees, by their employer, or shared by both. A covered employee's share of the annual premium is generally paid periodically and deducted from their paycheck.

Primary Care Physician (PCP)

A physician (generally a family practitioner, internist, or pediatrician) who provides ongoing medical care.

Medical Plan

Medical benefits are administered by Auxiant. For more information, call **(800) 279-6772**, visit www.auxiant.com or download the Auxiant mobile app.

To find out if your provider is in-network, visit providir.hps.md.

HPS pays in-network claims and sends out Super Explanation of Benefits (SuperEOBs) that include:

- A monthly account summary with the total amount due
- Claims detail for new charges
- All in-network provider claims included (employee + any dependents)
- Payment options (contact HPS to set up interest-free payment options!)

- Your or your dependent's date of birth
- The last four digits of the member's Social Security Number
- The Statement Number (in the upper-right-hand corner of your SuperEOB).

Generic Medications work just like brand-name equals. A generic has the same active ingredients, strength, and dosage as its brand-name equal. It provides the same quality and performance. To save with generics ask your provider or pharmacist if you can replace your brand-name medication with a generic.

Specialty Medications need to be approved by the plan and are only dispensed in 30 day quantity. If the medication is on the Prudent Rx list, call PrudentRx to enroll. You can choose to pick up your prescription at a CVS pharmacy or have it delivered to your home at no extra cost.

Diabetic information – not all test strips are covered under the plan. You may qualify for a free blood glucose meter. For more details contact the CVS Caremark Diabetic Meter Team at (800) 588-4456 on or after your effective date.

Flexible Spending Account (FSA)

An FSA is a special health care or dependent care expense account that lets you set aside a portion of your pay – before taxes – to use on eligible medical and dependent care expenses. During your enrollment period, you will decide how much to put in your FSA for the year, but it is important to note that this account resets annually, **so if you don't use it, you lose it.**

Grace Period for HCFSA and DCFS

While the plan states 'if you don't use it, you lose it', there is a grace period that City of Fond du Lac has implemented.

- January 1st (of new plan year) – March 15th (of new plan year), you may incur qualified expenses to be submitted for reimbursement.
- January 1st (of new plan year) – June 14th (of new plan year), you may submit for reimbursement on the previous year's funds.

Helpful FSA Facts
