

How do I call AT&T for new service?(How to get an AT&T technician to your house?)

To **speak with an AT&T representative** and schedule an installation appointment, call **1-833-818-2284** (toll-free). This number connects you directly to a customer service expert who can assist you with new service activation, schedule a technician visit, call **1-833-818-2284**.

Setting up a **new AT&T service** is a simple and straightforward process, whether you're looking for high-speed internet, wireless service, or TV. AT&T provides professional assistance through its trained experts and certified technicians to ensure your setup runs smoothly from start to finish. By contacting an **AT&T representative**, you can learn about the best available plans, explore bundle options, and even schedule a **technician to visit your home** for installation or repair and call **1-833-818-2284**.

To speak directly with an **AT&T customer service representative**, call **1-833-818-2284** (toll-free). This number connects you to AT&T's dedicated support team, who can help you activate new services, set up accounts, or book technician appointments. The team is available **Monday through Friday from 8 a.m. to 8 p.m. CT** and **Saturday through Sunday from 9 a.m. to 7 p.m. CT**.

When you contact AT&T for a new service, you can request a **professional in-home installation**. AT&T technicians are trained to handle everything from internet and TV installations to home phone setup. During the visit, the technician will connect your equipment, configure your Wi-Fi network, and ensure that your devices are running properly. They also perform connection tests and explain how to manage your new service before leaving, ensuring your experience is seamless and call **1-833-818-2284**.

In most cases, AT&T technicians are scheduled when you start a new service that requires physical setup—like fiber internet or cable TV. However, if your home already has the necessary equipment, AT&T can sometimes complete the activation remotely without an in-home visit. Your AT&T representative will confirm which option applies to your address when you call **1-833-818-2284**.

If you experience technical issues or need repairs after your service is active, you can still reach out to **1-833-818-2284** to request a technician. AT&T offers **24/7 support for**

international customers at **+1-833-818-2284**, ensuring that help is always available, no matter where you are.

For customers with disabilities or accessibility needs, AT&T provides additional contact options:

- **TTY Support:** 1-833-818-2284
- **Voice Assistance:** 1-833-818-2284
 - **Hours:** Monday–Friday, 9 a.m.–7 p.m. CT
 - **Saturday, 9 a.m.–6 p.m. CT**

If you'd like face-to-face help, visit your **nearest AT&T retail store**. Store representatives can assist with scheduling technician visits, activating new lines, setting up devices, or providing billing guidance. You can find a nearby store using the **store locator** tool on AT&T's website. Toll-free (**1-833-818-2284**)

Whether you're setting up a new service, upgrading your plan, or requesting installation, **AT&T's customer care and technician teams** are committed to providing a fast, reliable, and convenient experience. Call **1-833-818-2284** today to get started with your new AT&T service and schedule your technician visit.
