

# FortiToken Mobile and FOB

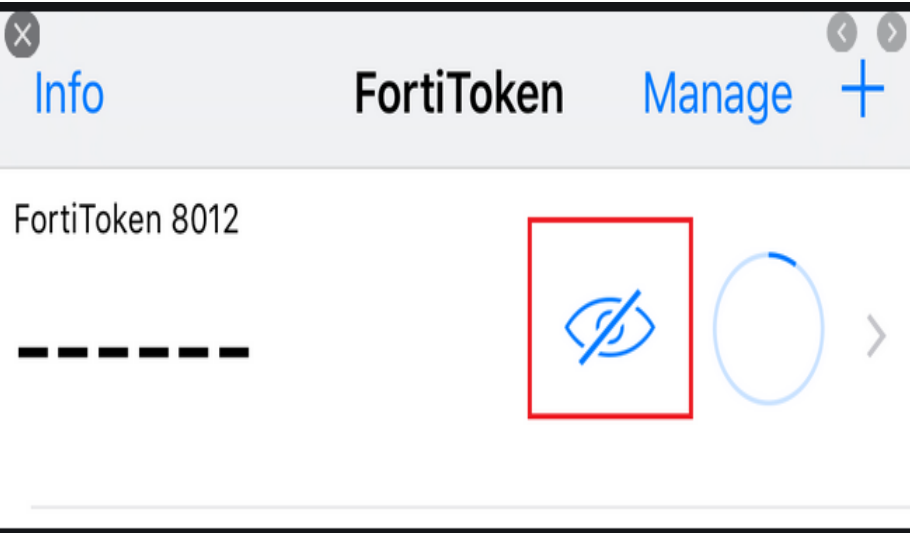

## FortiToken Mobile:

1.) Launch the FortiToken Mobile App:

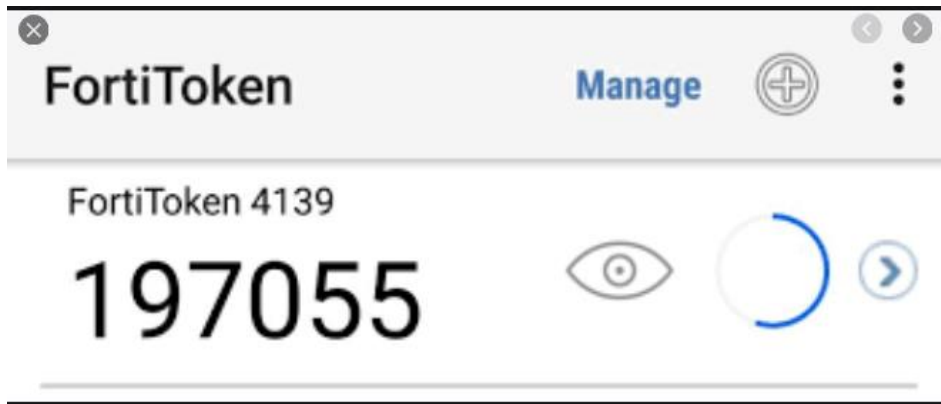

2) You will then be asked to enter you're pin or your fingerprint.

3) If you do not see any numbers where the "-----" lines are then press the icon of the eye with a line thru it.

4) You should then be displayed number. This number is valid until the circle is completely blue. After which a new number will appear.

### FortiToken FOB:

- 1) Press the button on the side of the LCD Screen. This will display a number, which is your token. This number will change every 60 seconds.
