The easiest way to use GoToMeeting is through **Google Chrome** browser. You can also join on the go using your iOS, Android or Windows Phone device.

## Join from the Join URL (a)

When you are invited to a meeting, you will usually have a unique link included in the session details. This is the Join URL; **copy and paste the URL into Chrome to automatically join the session!**

The Join URL is marked as (a) below.

## Join from the Session ID (b)

If you don't have the Join URL or are having trouble being automatically launched into session, you can join by manually entering the Session ID. This will also be included in the session invitation (shown as (b) above).

- **If you are on a computer**, open **Chrome** and go to [www.gotomeeting.com/meeting/join-meeting](https://www.gotomeeting.com/meeting/join-meeting) and enter the Meeting ID.
