Re: Bulky Curbside Collection Lottery

The Municipal Service Center would like to provide information to City Residents on an upcoming Curbside Bulky Waste Lottery program occurring in late April. The program will be at no cost to residents and limited to fifty (50) City Residents who have their garbage pickup serviced by the City (no apartments or commercial buildings).

Residents wishing to participate in the program need to complete the Bulky Waste Lottery form through the City of Fond du Lac Website at <https://arcg.is/1S9DKz0> or through the QR code below:

Participating residents will be limited to one (1) bulky item or five (5) bags of garbage picked up at no cost. Electronics (including TV's) or hazardous waste are not eligible for pickup. A \$25 charge will apply to any Freon items and a \$10 charge to any tire.

After the 50 residents have signed up the website will be closed. The 50 residents will be contacted by the Municipal Service Center Office to confirm their address and bulky item, along with the scheduling date.

Residents with questions can contact the Municipal Service Center at (920) 322-3544.

Thank you for your cooperation.
