

THE CENTER - FOND DU LAC'S HUB FOR ACTIVE OLDER ADULTS

AMONG FRIENDS

NEWSLETTER

MAY 2024

OUR MISSION

The Center is dedicated to enriching the physical, emotional, social, and intellectual well-being of older adults in the community.

Full disclosure, I have always been a huge fan of Billy Joel's music, and not going to see his concert with Elton John is definitely one of my regrets. That being said, I'm curious if you happened to catch the Billy Joel 100th Concert at Madison Square Garden that was on tv recently? If so, did you notice what I noticed?

On top of the amazing music and musicianship (can he play!!), how many of you noticed that a great majority of the crowd was made up of "Boomers" and "Gen Xers" just absolutely rocking it out to the music - music being played by a musician in his mid 70's along with his band members who are also in their 60's and 70's. In case that wasn't enough, Sting (from the Police - and also in his 70s) dropped in for a cameo. And even cooler, I saw audience members of all ages singing, dancing, smiling, and sharing an incredible intergenerational experience.

At one point, Billy Joel joked with the crowd that our voices get lower as we age and that he didn't know if he would be able to hit the high note on his "An Innocent Man" song - but when he did, the crowd roared.

I took a couple of things away from watching that concert. First of all, music really unites us and can bring us right back to times and places in our past. Secondly, people that are 50+ are definitely breaking the mold of what it used to look like to age. The Boomers are blazing the trail for what LIVING looks like - and it's exciting to see the energy that comes with that.

When is the last time you sang along to a song you love? Here's your challenge for May - harness your own energy and when you hear a song you like on the radio, crank it up and sing along - I bet it makes you smile. (And maybe the person in the car next to you at the stop light will smile too!)

I hope to see you soon!

Cathy
