

2022 PRIVATE LEAD SERVICE LINE REPLACEMENT PROGRAM (PLSLR)
Property Owner-Plumber Supplemental Agreement

***This form and required itemized quote must be submitted and approved by the Fond du Lac Water Utility before PLSLR work is started.**

This is a supplemental agreement to the Property Owner and Plumber’s contract for PLSLR. This agreement lists the conditions of the Fond du Lac Water Utility (Utility)’s PLSLR Program for 2022. **Before performing any work**, the Property Owner and Plumber must complete, sign, and return the form below to City of Fond du Lac, , Nicole Dreher, at City of Fond du Lac, c/o Comptroller/Finance, P.O. Box 150, Fond du Lac, WI 54936-0150, or via email at ndreher@fdl.wi.gov. A copy of the project quote must also be submitted with the completed agreement. Applications and reimbursements will not be processed unless this paperwork is received in a timely manner.

Payments for eligible costs under the PLSLR program may be comprised of a grant for up to 50% of the actual cost (not to exceed a maximum grant amount of \$2,000) and a loan to the property owner for the remaining costs. An invoice will be sent to the property owner by the Utility for their share that may be paid in one of two ways: 1) in full upon receipt, or 2) over 10 years as a low interest loan. If the property is sold during the payback period, the entire loan balance becomes due and payable and shall be paid when the house sale closes. **Payment for both the grant portion and the property owner advance loan portion will be paid directly to the plumber by the Fond du Lac Water Utility.**

Typical costs that are eligible for reimbursement under this program include: excavation, materials, labor, backfill, restoration, and trenchless methods of pipe installation. Non-typical costs at a property may also be reimbursed as part of the PLSLR Program, pending review and approval by the Utility. A non-typical cost could include the cost of rerouting the private portion of the lead service line to a more acceptable location within a structure when it results in an overall cost saving, or foundation damage resulting from replacing the water service.

Property Address: _____ Date: _____

Property Owner(s): _____
