This is the list of all of the prequalified companies that homeowners must contract with if they wish to be eligible for the Private Lead Service Line Subsidy. Not all contractors will charge the same amounts for this work, please contact at least two of them to obtain competitive quotes and choose the one you would like to hire for the work.

There are two forms that will be needed to be sent to the City to participate in the program.

- Homeowner-Plumber Supplemental Agreement
- Application for Payment of Costs

The plumbers may have these forms with them, or additional forms can be found at the following website:
<https://www.fdl.wi.gov/water/programs/plslr/>

2023 PRIVATE LEAD SERVICE LINE REPLACEMENT PROGRAM

Homeowner-Plumber Supplemental Agreement

- Agreement between you and the plumber explaining how the subsidy works.
- Both parties to sign this form and submit to the City before the work starts.

Application for Payment of Costs (after work is completed)

- This is the form the plumber will fill out after the work is done and passes inspection and submits to the City to request the subsidy payment.

****Please note work performed under this program does require a building permit, as well as an inspection from the Building Inspection Department. ****
