Yes it would be nice.
Strongly Agree Responses
need someplace that sells beer again. they used to.
wireless internet too
Would love better quality sandwiches etc.
Would appreciate more than one location with a variety of food/snacks
ice cream stand!
water
I would like to see the concession stand open more and prices reasonable
The past vendor did a very good job.
Good coffee and wine!
the pavilion should be demolished and a restaurant be built
Combination "fast food" and casual sit-down dining
Present concessions are horrible. A restaurant and bar combo would be nice on the west end with boat slips available
Restaurant with lake views/outdoor seating/live music
Need more points then the ice create muck. Price matters.
Finger food, ice cream and drinks.
Definitley, during the summer there are no good locations on the southside of the lake for boaters to park and get food or drinks.
There has never been enough acces for food or drinks at the park.
Popcorn and Ice Cream Treats would be awesome in the summer
Healthy food
Something healthy for the entire family
An Ice cream stand would be nice.
make it variety and AFFORDABLE for ALL parents
open the restrooms earlier in the year
A restauration shore of the lake with patio seating
A restaurant on shore of the take with patio sealing When we were kids, we were always at Lakeside Park. It's nice to have a place to buy food and something to drink instead of running to A and V
When we have a concerning to a
would be nice to have a reasonable venue for hot dogs and such
A restaurant would be incredible
would like a nice sit down place along with faster food for drinks and snacks
Lakeside Park needs a restaurant and bar type destination.
I think a restaurant with seasonal outdoor seating would be great
No real concession variety.
Agree Responses
for family
by small concessioners only, no big business or franchise
From the food stand that's there
Like we've always had
hard call - unfortunately fdl does not seem to support new business
Summer - soda, ice cream, etc.
More than what they have now.
During July, August on Sat. and Sunday
Non-alcoholic beverages only
I like to set lunch there and usually bring in my own food. Would be nice to have something with convenient take out for a picnic
I prefer the park to family orientquied not for drinking of alcoholic beveragea
Especially during a festival
vending machines in more locations would be nice.
would be nice to have beverages in the summer time heat
would be nice to have beverages in the summer time heat
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. :
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great.
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice.
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple.
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple. accept credit cards at concessions
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple.
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple. accept credit cards at concessions or more water fountains so when biking you can grab a drink
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. A teast drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple. accept credit cards at concessions or more water fountains so when biking you can grab a drink A nice little Tiki Bar, but NO HOTEL! It de ecoti to see maybe a little summertime operation that specializes in fish and chips, the fish being from Lake Winnebagc
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple. accept credit cards at concessions or more water fountains so when biking you can grab a drink A nice little Tiki Bar, but NO HOTEL! It de cool to see maybe a little summertime operation that specializes in fish and chips, the fish being from Lake Winnebagc it would be nice to know if i want a hawaain ice or qa hot dog there are reg hours to get these not hit and miss
I feel the current snack concession stand is great. Little Ceasars is perfectly located if a person wants to pick up a pizza and eat it in the park. Lucky them. : A few healthy choices will be great. At least drink machines would be nice. It is nice they are available when needed Festivals yes Snack foods. Keep it simple. accept credit cards at concessions or more water fountains so when biking you can grab a drink A nice little Tiki Bar, but NO HOTEL! It de cool to see maybe a little summertime operation that specializes in fish and chips, the fish being from Lake Winnebagc it would be nice to know if i want a hawaain ice or qa hot dog there are reg hours to get these not hit and miss Currently I do not think of the Park as a place to go for food or drinks. I would be nice of the Park was developed for resturants or other dining (Snack Shack in the Summer

obviously for special events, we eat at the park. not usually otherwise unless we bring our owr bring your own prices are high Would be nice Adequate concessions available now In the summer it would be nice, but otherwise not so much Usually have own drink or food 3 I don't go to the park to eat unless it is a festival The only time I feel a need to purchase something is at the softball games to support softball. If they were not open I would bring my own food/drin Food truck could be cool we bring our own Most of the time the cost of the drinks and food are too expensive for me to purchase Only at sporting events We bring our own picnic, so we do not use vendors at the park. Working water fountains are a good idea! Ok I like to bring my own healthy food, but would like the option to get a treat once in a while Typically Bring my own Gluten allergies make this difficult for my family Mainly during festivals Usually bring our own With events yes. would highly agree in warm weather months Having concessions in the summer is nice. A nice dinning restaurant with lake view would be an add attraction I usually bring my own, but it is nice to have it available Snack items although I won't turn down ice cream in the summer if it's available During festivals for sure It is a nice feature for out of town guests usually bring my own picnic love nature not concessions Having food and beverages available at the dockmasters building would be nice While it is nice to be able to buy snacks on the weekends by the playground, it is also nice to not have this option during the week and just bring our owr Restrooms open year round, 24/7; at least one The bathroom/bubbler is wonderful usually bring my own Food already exists at events I attend concessions, coffee bar, beer garden, food carts The picnic areas are great for bringing your own stuff. Sales not needed I go to the Yacht Club/a food truck would be nice It would be nice to see the mall by the children's museum developed into some eating places Only snacks or treats, not a large scale restaurant BUT it sure would be nice Normally bring anything I want. During festivals, yes; otherwise I don't expect it.

Disagree Responses Disagree

at concession stand.Or picnic its a PARK not restaurant

We ususly bring our own. i come for picnics and bring my own food, or attend events where food is included

we have dicks to buy food at

There are plenty of places to pick up these items near the park Only at festivals, I bring my own food otherwise.

- If we are going to play, we don't use it, especially since it is typical concessions food and we can go to A&W just a couple blocks away. I don't even conside it because I don't care for the look of the concessions areas (by the playground and the pavilion). They don't come across as looking clean and inviting (as a matter of fact I'I just tell the kids we'll go somewhere else). I don't mind stopping at the boat launch concessions/restroom area when we are on the boat. Menomonie Park in Oshkosh looks more inviting Clutters the beauty of nature and creates litter. Keep commercialization at the park boundry

Most prople bring there own.

we pack our own food and drink -- it'a a park not a restaurant

I can bring my own (I eat organic) - but I can see how it can be useful for others

A&W

no need for commercial food During special events, using existing facilities with vendors.

Strongly Disagree Responses Strongly Disagree during events yes, otherwise no i bring my own We have Salty's and A&W to much trash in the park People should plan ahead and bring their own Food or drinks could be near entrances to park not in park Several food and beverage locations are nearby There are more than enough restaurants in FDL we have that They already exist We bring our own picnic food If I'm there for that long I'm probably with a group that is picnicing Dicks concession is just fine. I wish for no other choices. brining a picnic is the fun part I bring my own. There are plenty of restauraunts in the area available outside the park take my own if wanted Bring your own Except at ballgames which is already there

Blank Responses Highly Agree

5 3 33 Also favorable for most but we've always taken our own neutral yes

Strongly Agree Responses again the prices need to be affordable

mainly bottled water would be super helpfu this would be nice when I am using the park early mornings of late evenings for exercising

vending machines for water availability would be nice, there are quite a few of those mobile food units that can set up for a day or two or on weekends when the park usage is higher and then leave without permanent structures that take away from the view, such as the hot dog carts, the ice cream carts, small popcorn stands, etc

Especially nice for sports and runners. This is better than overpriced drinks provided by a vendor that might choose to upcharge beyond reasonable and customary

yeah make it afordable

also water bublers. Last year several of the bubbler didn't work.

coke products

with my children its not always planned so getting a drink involves me to have to leave

Agree Responses drinks only, available only in one area Be sure to include recycling containers for bottles. Iced teas with no and low sugar. It would be nice for "out of towners" but I understand vandalism Have an operation serve beverages as well. Vending needs to be placed in convenient locations It might be a nice addition, giving people the opportunity to stay longer without having to leave to hydrate If they were reasonably priced nice to have when working out and its hot Good idea drinks only being able to buy bottles of water or gatorade when taking excercise or quick last minute trips to the park would be helpful for families with kids or pet No more than 3 in the park total Nice to have drinking water, juice, soda. Vending machines! Especially by the ball diamonds during the summer months

Neutral Respons gatorade

wireless internet too have now adequate concessions available now How would you keep them secure? Could see that this may cause litter and mess Water not nescessarv I usually bring a water bottle this option would be nice, but I usually bring my own beverage anyhow I usually bring my own, but it is nice to have it available Maybe, but we can't even keep the Christmas lights safe from vandals. I live nearby and often bring water, but other options are a perk I believe there are already vending machines near the gas pumps and on the softball island Restrooms open year round, 24/7; at least one I don't care There is vending at the dock tender I don't care for the look of rows of vending machines I think dick's concessions does a good job if there's a vending machine maybe by the pavilior We pack our own when we can. Could cause a littering problem.

Disagree Responses

They have them at the marina. No need all around park Too much temptation for damage. Not necessary as we bring our own. Just cause trash We usually bring our own. Less likely because of expiration dates do not want to attract vandals, monitored consessions would be better. The more vending machines in the park, the more garbage you will find Wouldn't want this stuff. Looking for something more special and unique Bubblers trash would be a concern Litter This will just lead to more litter in the Park too much trash generated

4

Strongly Disagree Responses we have learned to bring our own

we have learned to bring our own no vandalism i bring my own I don't think adding vending machines is a good idea We bring bottled water to much trash in the park This I would likely take advantage of, but I don't have an interest in soda machines. Water, tea, juice or juice box, Gatorade options are greal When I plan a trip to the park I come prepared. This would just add more littering and more time for people to fill those machines People should plan ahead and bring their own Sure lets garbage up the park... makes area UGLY No, definitely NOTI I think they would 1) increase "commercial" traffic in the park 2) possibly increase litter, and 3) be tempting to individuals in search of cash i.e. target for theives with the addition of vending machines comes discarded cans, plastic bottles, wrappers. machines ruin the asthetics of the park The park already has this kind of food and soda,water. Not for me - but I can see how it can be useful for others. If I'm in a bind, there is one by the boat house available nearby outside the park Would rather see attended co session with supervision take my own I think that would cheapen the area 3. When visiting Lakeside Park, I would like to have standard concessions available (hot dog, hamburger, popcorn, candy, soda, etc.). - Responses

Blank Responses neutral 5 3 33 2 4 That would be most favorable for me and my family W highly agree yes Strongly Agree Responses again, beer available wireless internet too Better quality. They do a great job at the amusement park in Green Bay That would be nice. Indoor and outdoor seating. It keep people there longer, no juck food for me though affordable While this may be an expense, I do believe it is a very nice and expected offering for a park this size. Allows for spontaneous visits and longer stays Reasonable cost food so a family can dine together See above During Summer Months I think that a permanent concession available to non profits would be acceptable not hit and miss hours but having reg ular hours only during summer monthes when we stay all day. closer to play area Ang & Eddies would be great! During the months when sporting events are taking place. Both as a player and as a spectator it is nice to be able to grab a quick drink or snack during a game Agree Responses small concession stand only, no big business or franchise Like we've had at the food stand I think at certain times of the year such as summer months When I am alone not so much, but when with my children it's nice to have options During July, August on weekends In the summer yes, it would be nice. The only thing that I really think about is being able to by a bottled wate The concessions there is great when i need it! at least during summer when kids play During warm weather, concession stand by light show near the water treatment area is nice, hot beverages mostly Again, with a few healthy choices. Simaliar to what we have now That would be nice. We usually stop at A&W after our trip to the park, so having something in the park would be nice. But it would also be nice if there were somewhere to eat it without being bothered by bees or pooping ducks. :) It would be nice on weekends. If reasonalbly priced, I think many people would use it, especially in the summer Same as above Ice cream stand or something for the kids to look forward to going to during the day It would be nice to have so when kids get hungry we don't have to leave the park If they are reasonably priced Once again, I usually use the concession stand on Oven Island operated by Fond du Lac Softball, Inc on weekends when park is busier with more people During spring and summer yeah Just like it is now We need to have live music at he park For sports funded by boosters or nonprofits (brat fry like) I might buy a snack when visiting with the kids That would be nice. Particularly from May-end Oct. esp in summer Particularly at sporting events Depends on the hours. One with good hours would be sufficient at least on weekends weekDAYS not just weekends It depends how long we will be at the park. Generally speaking when we are hungry we leave for the day Not having to leave the area or not having to travel as far to get to those options would be excellen Along with musical events or the likes (similar to Buttermilk) During peak times

Neutral Responses hot dogs

The single concessiong stand if fine for that reason in the summer adequate conessions available now. If picnicking use the grills and bring your own food It is nice if available. But is not a necessity see above comment Street vendors only! The land needs to stay open for people. As long as its not too commercial, fits into the landscape Personally this doesn't appeal to me, however, it does to many. The concessions at the ballpark has a good image. I think the others needs to be "spruced" up this option is nice but nothing I would have to have Gluten allergies make this difficult for my family would highly agree in warm weather months Ice cream shop not frozen treats One location only like pavilion or harbor area - no temporary stands EXCEPT special events Depends on pricing. Maybe, if an outside vendor wanted to take on the task, but it should not be the city Only for "events", picnics etc. Any more than what's there now is not necessary If we have a picnic lunch we usually bring our own food 2 don't really use personally On weekends in the summer or if a charity group would like to have a brat fry stand similar to what happens at the local grocery stores would be a plu: I believe having these items available at the pavilion/concession building and dockmaster building is sufficien On weekends this would be nice. Restrooms open year round, 24/7; at least one Not sure the vendor would find the park "busy" enough We don't eat this type f food Refer to comment above On weekends in summer In portable cart. Nothing permanent.

Disagree Responses i bring my own

We usually bring our own. we dont go to the park to eat

Most unhealthy snacks should be removed. I can bring my own (I eat organic) - but I can see how it can be useful for others This wouldn't make me come here mirror less

Strongly Disagree Responses

yes during events, concession stand by the kids is great, also by the shelter No to much trash in the park Festivals and planned events are enough for concessions. Parties/picnics and others visiting should pack a lunch People should plan ahead and bring their own we have that They already exist There is a concessions stand there I'm headed to A&W for that. Only at the ball fields Dont need this to turn into commerializm They are too expensive for most available just outside the park not adult friendly, that's ok for kids Healthy choices Already there for ballgames already at park

Strongly Agree Responses wireless internet too

Sounds like a destination spot if good quality

This amenity would help generate even more interest in the park. A great idea, especially with the Marian campus moving to the near neighborhood. Additionally, it may help other businesses in the immediate area simply by drawing more people to this part of the city - something that is desperately needed.

coffee

This is what was meant for the concession stand; we do not need any other service providers than this

the pavilion should be demolished and a restaurant be built

THIS WOULD BE AWESOME!!!!!

See above comments

This would be nice to not have to leave the park a lot due to kids getting Hungary or thirsty

During Summer months, and into the early fall. Anything that would help bring people together and provide another option in FDI

that would be lovely!

Absolutely!

That would be wonderful. A day at the park, which could include lunch.

perfect for anytime of day depends on type/quality of offering Would attract more diverse groups

That would be amazing!!!!

We need shops and a nice restAURANT ON THE WATER

A coffee shop would be wonderful.

might go there more often then

There's just nothing that really provides a relaxing place to eat and people watch A coffee shop would be a great year round addition - they are not enough in towr

Agree Responses

This is would be a nice addition -especially if there is indoor seating during cold or wet weather. Also must have a lake view That would be a nice thing to have. Like anytime of the year. We don't have many places in FDL just to have coffee and donuts or sandwiches

Not a fast food restaurant. Small cafe run by a local resident of Fond du lac area

Hadn't thought about coffee; might be nice but certainly not what I would go to Lakesid Park fo they have some great public/private partnerships on Lincoln Memorial in Milwaukee where the offerings are above the standard fare

A small coffee/sandwich/bakery shop.

great idea to attract more. But should be kept as casual environment.

No, only because, it's not fair to all businesses. A coffee shop with benefits going to a non-profit? Just wouldn't want rights to running a coffee sandwich shop to go to the highest bidder. Also, I do not think the park in and of itself can sustain such a shop. Unless it drew other people to eat there, who had no interest in visiting the park. Is that what we want? Or are we looking to work on bringing in the small percentage of people that MIGHT stay and eat their lunch outside their car on a park bench, before they go back to work? Small percentage. Never thought of this. Would be fun but not sure viable

Coffee drinks are a big hit right now, both hot and Iced

With a view to enjoy!

If the quality was high and the food was healthy, that would be cool

This, combined with above grill items would be nice

Restrooms open year round, 24/7; at least one

If I were to buy food at the park I would more likely enjoy this

Near the children's area to get coffee instead of catering to the cotton candy desires of the kids

weekDays not just weekends

Having something on the far west or east side might be nice

Coffee/sandwiches as part of a concession stand would be nice, a standalone shop is not necessary

sandwiches

maybe use it if there was one Feel concession stand should offer these choices too

3- healthier than hot dogs for families with kids

If it is designed to be a relaxing and inviting atmosphere and somewhere for people who finish exercising can go for a nutrition break or for families to grab a snack so they don't have to leave the park it would be worth building

Would be nice but I am not sure if I would travel out of my way to buy coffee or have a sandwich there. Maybe if it was a nice restaurant and coffee shop combo

a nice shop with a view of the lake would be wonderful

not in winter tea? hot chocolate?

Maybe during holidays or when weather first gets nice in spring. I don't see enough need to have this all the time As the park is right now, no. It doesn't make sense. Even if the idea could be appealing, it wouldn't survive because there isn't a reason to go to the park in the first place and this wouldn't be something that would bring the people in. However, if there is a good plan in place to provide additional opportunities for the park, this could be appealing and then I would consider going. would be nice but not necessary

Gluten allergies make this difficult for my family would probably utilize if it was there but no big deal if no

support job creation

This is a family park, not a resort

This might be nice for adult groups visiting the area

Not so much summer type drinks/food

I would probably visit the park more so if this were available Though an indoor place to eat within the park would be nice, esp. when the bugs are really bad and the smell is gross from the treatment plant ok if not too commercial

notreally

- optional
- Again I go to the Yacht Club

that would be cool but not a must Again I think it be smart to develop the mall by the children's museum instead of it sitting vacan

Again, in a portable cart. I do not want commerical development in the park

Disagree Responses outside seating by concession stand only We usually bring our own. not suable for children A sandwich shop not a bad idea... but if parking other than for park wanderers was available for general public I would want to be careful about commercializing too much of our beautiful park It would be nice to pick up a beverage See other local businesses if desired. Unnecessary. This wouldn't make me come here mirror less can get this elsewhere in town

Strongly Disagree Responses

totally unnecessar

no. no. no We have A&W,KwikTrip,and concession stand,or carry in We bring our own. Try picnicking. No please to much trash in the park If a business were to be placed in the park, how would property taxes be assessed? Property is owned by the City and not taxes are paid We have food places close by the park. We dont need to put up a sandwich or coffee shop in the park to ruin the beauty of the park. And having people drive way to fast for children playing in the park.

Kwik Trip and A&W are close enough Tempting, but no. People should plan ahead and bring their own NoCommercial sales

Would take away from the main reason for the park which is to enjoy nature and it's surroundings

leave it alone

Why add buildings and businesses that are not needed Bring your own, the A&W root beer stand is there along with Salty's . We do not need more competion to those bussiness that have been established over the years If I want a sandwich I will pack a picnic basket.

Absolutely NOT,! already has it by pavilion

we do not need over commercialization of this property If you want to eat spend money down town

Really?

This is a park KEEP it that way Not the Mal

The concessions they have now are just fine for most people I know. Nothing else needed in our park

Absolutely not

unnecessary. lots available just outside the park Absolutely NOT

5. When visiting Lakeside Park, I would like to have a beer garden available (place with outdoor access and bar) - Responses.

Would be great Withingthe Bary hear enders by allow one and it's church bury	
Whitefish Bay has a beer garden by play area and it's always busy That would also enhance the park - need good imports not just Miller and Bud	
That would also enhance the park - need good imports	
Only during special events such as concerts	
This would be a great idea. It would be great to enjoy the beautiful views of Lake Winnebago over a beer	
I've always said a beer garden would be HUGE in Fond du Lac. With so many Germans here, there is a desire for a communal place with polka music, long tables, and good fun. It would	d be a gold min
Wow!!!! This would be awesome for when we are at the boathouse!!!	J
YESII	
Yes!	
Please God yes	
Awesome idea!!!	
this would be a great seasonal option.	
I would enjoy a beer garden but not at the expense of giving up precious uniterupted view of the shore line This is an awesome idea!!	
This is an avessine local: Would visit to just go there	
Again, why, when there are a million taverns in town, would anyone want to go to the park if you can't have a cold beer in the summer	
Nguna, my mortane are a minimar areas in term, near anyone want a get to be part in you can't have a cold bear in the barmine. Who doesn't love beer gardens?	
Agree Responses	
4- i like that idea but it should still remain a place to be with ur kid:	
More festivals would be nice. More useage in winter months utilizing the frozen lake. Snow sculpting festivak perhaps?	
Weekend	
sounds fun!	
not in winter	
only if its built out side the park not on the inside we need to keep the park green for fishing and playgroun You should check out how the city of Philadelphia does this. It combines a beer garden with a late night will be in the park	
Tou should check out now the city of Philadelphila does this, it combines a beer garden with a late hight will be in the part	
To line to stop for a beef of my fullywarks. Same as above	
A nice beer garaden would be great	
A nice being galacian would be grean	
If I decide to have an alcoholic beverage it is from the concession stand on Oven Island during softball operation hours	
We need to have live music at the park	
It would create great opportunities for smaller get togethers	
Keep it kid friendly. Keep away from playgrounds.	
weeDAYS not just weekends	
would be awesome by lighthouse boating area.	
for sporting events and festivals	
Similar to river from tin Oshkosh - more more dynamic	
Especially while watching sports activities etc this would be nice In the evening

Web I go to the park I bring my own beverages.	
these are also catching on in popularity in Milwaukee but I have yet to visit one. My friends like them a lot	
Not all the time.	

these are also catching on in popularity in Milwaukee but I have yet to visit one. My friends like them a lot Not all the time. A beer garden would be nice as long as people use it responsibly I do not drink alcohol. That is a nice idea. I would enjoy that. However, if I were there with my young son I would not want that near the areas in the park that we visi This only makes sense if the park would be used as an entertainment venue (which it should be) would be nice but may become abused Gluten allergies make this difficult for my famil) beer served at coffee/sandwich shop vs. beer gardens outside special events. As noted in #12. I would probably visit the park more so if this were available now with a family not as much of a big deal, when I was in my early 20's it might have benn nice With oversite accomplished by the city signing 2 or 3 year contracts with operators. ok for certain events but no all the time sometimes only during special events such as Walleye Weekend Restrooms open year round, 24/7; at least one Could be nice if it is done properly, but I'd worry what kind of crowd it might attrac If you're looking to put in a beer garden, I hope it would be microbrews and beers that attract older people versus twenty something's. As a parent to three small children I would not want to see a lot of drunk people in the park At special events such

Disagree Responses only for special occasions/festivals. presents problems with keeping park family friendly bring your own We have enough Bars in FDL for people to go to. On occasion, but not continuously available. Could be delightful, but would be a threat to calm family atmosphere may lead to people getting drunk and ruining the park experience No. This truly brings in a different crowd. BYO and when it's gone it's gone too many kids in park to chance access Some may find this appealing, if people are responable might be alright in later hours of the day or evening but I don't feel it would be a asse We are fine without that. Alot of families there and we don't need to encourage obnoxious drunks Might be nice, but I can't image it would break even much less be profitable This is a family place. Alcohol need not be served. not really necessary for me If it were good quality place & did not promote alcohol abusive behavior then it would be ol too much mess not very family friendly I am sure many would like this, but alcohol is too big of a problem in FDL don't need more drunks at the park Strongly Disagree Response not needed believe special events only I don't want a bar type business, there's bars nearby, just a place to buy a beer, like there used to be NO! no, no, no. can you image the traffic with small children around. are you crazy? no beer except pavillion rental and special events we don't need a bar or restaurant in the park! would turn into police problems, not for families we have these at private businesses along lake The park should be for families not alcoholics This is just a invite to trouble. This is y permit's are needed Too many young children to be protected Where would this be located? How about Supples? There is enough available now. I completely disagree with this, as I think it would just cause more problems Enough bars around People can drink at home; the park is meant to be for FAMILIES AND NOT DRUNKS There are enough taverns in Fond du Lac. No there are enough places for people to go and get beer, it does not need to be in the park as well. My family and I go there for a good, fun, relaxing time, not to see a bunch of drunks hanging all over being loud and obnoxious. This is a horrible idea. I would NOT take my family to a park where alcohol is served on a regular basis No. I would want to take my children to a park surrounded by drunk people! Beer in a park??? Sure, let's get drunk and (comment removed) We don't need any more drunks in this state. People can bring their beer in if they want, we don't need to encourage anyone to drink by having it readily available Not necessary. A beer garden would make the park not very family friendly. I don't want to go to a park where I need to worry about exposing my kids to drunk people. I also question the safety of this, especially for people boating, fishing, or other water sports. will always cause problems and is unnessasary the park is for children. we dont need drunk people ruining it for everybody This would be a mistake and would change the atmosphere of the park making it perhaps unsuitable for family use you could have special occasion events to have one, but to find staff to have this all the time would be difficult and the family atmoshphere would chang we have too many beer-buying opportunities in FDL as it is Drinking in a public park is not condusive to a family outdoor atmosphere and would deter business from local bars Occasional events are okay, not needed every day. Definitely NOT familiy friendly!! There's enough other drinking establishments in the city and enough private venues to party its a park to much trash in the park just what we need, another place that serves alcohol No NEED FOR BEER IN A BEAUTIFUL PARK USED BY SO MANY FAMILIES Beer is available during events and festables...that's enough no alcohol, too much in use now We have a bar already close to Lakeside Park right off of scott and main we dont need a beer garden in the park There are enough taverns in the city already. Bring your own to the park Lakeside Park should stay a park and not be comercialized. There are other places along the lake to accomodate outdoor seating for beer gardens There are a couple of bars close to the entrances to the park. I definitely feel as though there doesn't need to be a bar inside the park Not the time or the place. Park is family time and I want to take my kids there without the intrusions of those that drink too much (aside from Walleye Weekend... exception Lets keep it a family park!! Alcohol will ruin our park. Too much over-imbibing leads to littering, vomiting, and endangers children and families. The last thing we need are drunks roaming through the park and in its street: People should plan ahead and bring their own People do not know how to drink in moderation in Fond du Lac. Drinking and driving around kids is not a good idea Totally off kilter with the intention of making parks which is to have a safe, fun place for families to enjoy themselves We have bars in the community keep alcohol out of park Let's attract some young drinkers to cause trouble amoung our families. You know it's going to happen See other local businesses for these needs. This is a family park, not a resort Your kidding, right? No a big drinker and would hate seeing drunks. Will bring my kids less to the part Too many alcoholics in fdl Am not in favor of this in a "family friendly" venue. Also with outdoor seating you would see smokers who cannot be relied upon to dispose of butts properly. How would such a facility be monitored so it doesn't become and eyesore in a place of natural beauty? absoluetley NOT -- it's a picnic and play place for kids The less alcohol the bett Only for special events. Alcohol use should not be promoted by the city Why add a place for people to consume alcohol and do stupid things that will detract from the beauty of nature no need for beer on a daily basis, just for festival events park is a family place - not a bar This is a family park. The family park is no place for buying beer, there is enough around the area, and people bring there own There is a bar at the entrance of the park.

Disagreed. Beer should only be served at events like walleye weekend

Strongly Disagree Responses Continued

There's already places like this in FDL County Absolutely NOT! We have enough choices for alcohol purchases. Let's keep this a family park

this already happens on it's own. sometimes too often. it's a family park not a pub

really? no way! ONLY SPECIAL EVENT AND PERMIT DRINKING

Bars are close enough

No no no NO this is a family area NOT a bar

A bar or any alcohol in our Park would be terrible. This is a family park. There are enough bar in FDL. No more needed and especially in Lakeside Park. Keep it the way it is and if you are going to add anything.....nonprofit fun things for families are what should be included ABSOLUTELY NOT!!!!

Save it for the festivals. Enough drunks there. Really? Don't need to supply alcohol in a family setting. Ugh

A big concern with this would be keeping the park family friendly

not necessary Absolutely NO, Its a family place

dont believe there would be enough business an its not good to encourage parents who do drink to be doing that around anyones kid:

Its a park, not a business. There are plenty of restaurants/bars nearby for drinks. Yacht club has - not sure we need to turn the park into another bar

That's absurd. it's a park. not main st. keep the beer elsewhere

This wouldn't make me come here mirror less Having beer at Walleye Weekend is enough. Having beer all the time wouldn't make it a family time. Plus then we'd have drunk people out ther

no please dont my kids dont need to be around that

If I'm taking my child to the park I don't want to deal with a bar near my child People already don't follow the rules in the kids area (dogs, smoking, etc) I can't imagine what issues a beer garden could cause for people who aren't responsible and just don't care I think having beer where children are is a bit inappropriate

We don't need alcohol brought into a family park Bring your own

No. it is about healthy activites you enjoy with your family

There is enough emphasis on alcohol consumption in this town already. I absolutely do not want this at the park where I come with my small children to have a wholesome and fun time

Not family friendly and Fond du Lac has enough bars.

I bring my kids to the park at least once or twice a week in the summer, no need for people to be drinking there. (I have no problem when it's confined to oven island

6. When visiting Lakeside Park, I would like to have a full service restaurant and bar available (full lunch/dinner menu where I can sit and enjoy dinner while looking over

Lake Winnebago). - Responses

Blank Responses Hmong survey #4 disagree No no no keep park for future generations leave the park w/o restraurants 4 Yes 2 We have those already. Let's not take the business away from them or the naturalness of the park ٦ highly agree 0 5 Strongly Agree Responses Great destination idea if good quality would be nice to have a bar/restaurant to increase visitors to FDL and if possible a way for boats to access would be a huge asset. IE TJ's Hint: See Sheboygan and Manitowoc even Neenah and Oshkosh see comments in # 13 Excellent idea As long as no fast food places that were tacky went into the park I would like it a nice restaurant would bring business to fond du lac. This sounds like a place I would like to go but depends on price of items I would use that! Absolutely, Prime Real Estate that the City should make better use of LOVE to have a place to enjoy food, relax with friends/family, and enjoy our beautiful view! YESI YESI YESI THE PARK NEEDS THIS!!! The park will be utilized by Mariners much more if there was a decent marina and restaurant and lodging An average price venue with air conditioning would be great! The heat is hard for my daughter to handle, and we could visit more with indoor venues I think a restaurant would be a great idea! Love this idea! With outdoor seating! This would be great! It is just a question of where. I would want it to be far off enough where it wouldn't intrude on the space already there Would love it! We need to attract more FDL and WI residents to the park and Fond du Lac in general Facing lake with an outside tiki bar That would be wonderful. It would bring more visitiors into our beautiful park area all year long This would be a great asset to the city Bar should be during restaurant ONLY... we don't need any more bars in Fond du Lac. I strongly believe that a beautiful park like Lakeside does not need to have alcohol vendors No room for it it would take away from park Awesome addition to the park. Yes!!! Absolutely Yes! This would also be an amazing addition to Lakeside Park something near the harbor Definitely. I can't believe that Fond du Lac has been missing the opportunity to have a facility like this on the lake. We have to go to other communities to eat when we are boating on the lake It's about time we do something more than have a huge piece of land adjacent to the lake just sit there and " look pretty". It should be attracting people and conventioneers, weddings, families, lie Heidel House and The Osthoff, Blue Harbir, to name a few! Plus providing jobs! Would be great. But FDL can't support real restaurant. That would be fantastic! Might bring in people that don't have kids and tourists wowll This would be fantastic! We are the only community that DOESN'T have a full service restaurant on the water. What a shame that we have to travel to Oshkosh, Elkhart Lake, Green Lake, Sheboygan (to name a few) that DO offer this!! Win-win if something were to be developed here in Fondy! Taxpayers can enjoy and city earns revenue! I always wanted a nice little brewery/restaurant that can provide year round. Something like Becketts or Fratellos in oshkosh with outdoor seating Yes yes yes!!!!!!! A new and GOOD restaurant without a supper club menu? Even better!!!!!! Now your talking!!!!! Yes! weekDAYS not just weekends Very much so. With a view of the lake TJ's manages to embrace the idea without spoiling the environment This needs to happen to attract people to the park Would visit to just to go here Goes without saying this one would be wonderful,, and i bet lots of people would use i Build it and they will come BOATER"S Definitely would be a destination - need to take advantage of the lake - successes like Blancks, Wendts, TJs - nice to be able to boat to

Agree Responses That's a great idea

Would be nice. Should be year around. Also would serve breakfast. Maybe not a place where they have steaks, but more of a chicken, burgers, pasta. More kid friendly. That families could take children too. It would be nice to have a casual place to go to after games for food and drinks

Only if this property does not take up space that takes away the views for everyone else using the park and not dining out

Fond du lac needs more establishments that offer outdoor seating. Something at the park would be wonderful It would be nice to have an option on the water in Fond du Lac. There are very limited outdoor venues to enjoy weather, food and beverages in the city

we have enough restaurants on the lake already

It would be nice for this restaurant to be different than the typical Bar and Grill that dominate the Fond du Lac community. My wife and I crave for something a little different- not just more of the same. It depends on where the restaurant is located. It should not disrupt the beauty of the park A restaurant that would attract both FDL area AND tourists... Would have to be unique

as above

that woud be very nice.

If in an appropriate place that doesn't take away from look or disrupt the flow. Not in the center of the park

This should be in a location that does not take from the landscape of the beautiful parl

If we could make enough year-round use of such Hate to give up green space for restaurant

That would bring tourism

If it had docking space for boats as well as outdoor seating something with a range of both high and low cost items such as a couple basic sandwiches and 1 or 2 specialty disher

This would be excellent, as long as not too much emphasis on the bar and drinking portion Similar to river front in Oshkosh - more more dynamic

this would be lovely!

Neutral Responses WHERE? Without destroying park of existing public park area It would be nice to have a restaurant on the lake, however it may not need to be in Lakeside Park Could be nice if it didn't interfere with main park space

Restaurants with the best views more often than not have the worst food.

this kind of development can take away from the park experience. It has to be handled carefully price point would be out of range for all people

I would love to have a nice restaurant, but NOT in the park. It could be somewhere along the lake near the park, though

There are several restaurant's close enough for people to walk to if need be Nice idea, but unless there are other reasons to go out to the park, a restaurant would not be enough of a draw to get people to the park and it wouldn't survive in FDL

For ANY of these, I would probably use them if they were available but to me they are not a necessity

see #13 If they are reasonably priced

Not necessary if have standard conessions available

Where will the parking be? maybe

I feel like this is already available with several other restaurants on the lake

Restrooms open year round, 24/7; at least one

There are places near by. I hope Trinity finds a good manager

Doesn't FDL already have fledging restaurants? This would be nice but This wouldn't make me come here mirror less

ok that would be cool but not expensive I would be nice, but probably out of of my financial reach

I think it's more important to preserve our park space than to have a restaurant on the lake

Will only work if there are boat docks The yacht club kind of fulfills this role but I'm not sure if I'd like to have a restaurant taking up space in the park

Disagree Responses Where would this building occur?

2 dont want the beauty of the park over run with buildings and parking lots and lots of commotior

There are other restaurants overlooking Lakeside park. It's not necessary for another one

Can get food and drink elsewhere nearby.

We usually bring our own. do not agree with restaurant as part of Lakeside Park

Not in winter

While I understand this as a possible "want" for our town, the economy is not in a position to support it at this time. Also, the land it would chew up is significant. I assume again, that the Yacht Club is the lucky one here. And, that's cool for them. Instead of the soccer fields? Fine but the view of FdL's mechanicals is too close for that location. And, all that is left is the heart of our park or the Lighthouse area/marina. Just too precious. Give the development money and attention to our downtown, instead.

We have local restaurants on the lake already. Please keep Lakeside Park a family friendly park

plenty available already around the lake stinks to much to consider ideal

Might be nice, but I can't image it would break even much less be profitable

there are already full service restaurant available and would want the park to retain as much scenery as possible

It's not a bad idea, but there are an awful lot of nearby rest. and they offer good food already. Why give them more the comfittion

I like to be in nature, not just looking at it location? we need all the green space along the lake

Im not so sure that this would appeal to many. I think it would really detract from our park

not really necessary for me

we already have that

It's a park not a dinner area

13

Highly Disagree Responses do not need this whatsoever without wasting land, parking No business in the park! I feel that the park was established to be just that, a park. A place of nature, beauty, guieter times, not a commercial venture not safe No, no, no, leave our beautiful park for family outings, we don't need the bar scene leave it a natural park No! No! No! big business not wanted. take up too much room. we have several of these as private businesses many places available elsewhere - not in the park! No restaurant or bar please There is NO need for a full service restaurant at the park. Plenty of them all along the lake. Not at the park. Leave the park for picnics Wouldn't even want to think of a full service rest unless in position that it would in now way block the view of lake There are enough restaurants nearby Absolutely not We have a number of restaurant's with a view of the lake. we have restaurants other places We already have Salty's, A and W and the bowling alley Rumor are this is the whole reason for this survey-FDL is looking to sell off part of the park to a developer for a conventin center or restuarant. This comes up about every 20 years. Hopefully money doesn't outway heritage. It is a park. Use it as a park, not a commericial restaurant. NOT AT OUR PARK! those are already available elsewhere. Plenty of restaurants to choose from out of the park. we have ENOUGH restuarants and bars near the park like A&W, the bar at the entrance of the park, Little Ceasars, the boat landing place near the boat docks (by light house) eci Not at all necessary. The are enough restaurants in the area with this view. What about parking? You're going to ruin one of the states most beautiful parks and make a parking lot Yeah, let's nigger up the park with, what will soon become, an abandoned restaurant Sunset supper club is a few miles up the road. I see no need for a full menu restaurant in the park really? go to Salty's! There are plenty of places to eat in town. No need to compete with them and ruin the serene nature of the park That would deter the tranquil setting of the evenings as you go to the park to enjoy the scenery and the traffic flow would be hard to navigate around for those of us who like to run/walk, besides if they want to go to a full service restaurant for the view they can go down the road a ways There are lakeside restaurants available outside the park. I do not think a public park should host a commercial business Restaurants are having a hard time now. Don't need more. I think a large scale restaurant in Lakeside Park is a bad idea, a big part of the Park's charm is the lack of commercialism More buildings will distract from the beauty of the park No......keep the park a local attraction.....no businesses No! Full public access EVERYWHERE! Fond du Lac offers ample opportunity for eating out There are enough restaurants around the park already. keep the park a park for doing what people like about a park If a business were to be placed in the park, how would property taxes be assessed? Property is owned by the City and not taxes are paid Salty's is close enough. Wouldn't want to lose ANY frontage space of this beautiful park/lake This would take away from the beauty of the park. We have several resturants close by already. Oshkosh's resturant didnt suceed by their waterfront. All we need is one more empty resturant in a few vears in this town. When private ventures fail, why should tax dollars fund the next place that cheap Fond du Lac patrons would refuse to support. My God, we already ran out of business a Red Lobster, Cracker Barrel, Left Guard, Trinity, Theos, Sunset Supper Club, and how many others NO PLEASE DONT RUIN THE NATURAL BEAUTY OF OUR PARK Lakeside Park should stay a park and not be comercialized. There are other places along the lake to accomodate outdoor seating. Adding beer gardens and restaurants takes away from the fact that it is and should stay a PARK There's already restaurants overlooking the lake. I don't want more there are many restaurants and bars along the lake in close proximity to the park to choose from without adding one to the existing parl Same answer as question 14 there are lots of places I can go for that. Lets keep it a family park Absolutely not! Traffic congestion, over-commercialization of our park, and the mess it will make are NOT worth it. There are plenty of restaurants on the shores of Lake Winnebago that fulfill this area. People should plan ahead and bring their own There are 2 restaurants nearby the park along with 2 private clubs and a convenience store within a block away Would be the best idea No further commericialization! Again, the park is not a mall. It's a park. Sure spend more of my hard earned tax dollars on a place that will close in 6 months Other local businesses are available for this. This is a family park, not a resort Again, enough restaurants in FDL. There are places close enough, not need to take park area away to provide this OWI's become an issue in park with children and others present already have some in area next to lake Its to enjoy the outdoors with family and friends, not to stuff yourself There are already multiple commercial lunch dinner sites on the lake in the fdl area again-ABSOLUETLEY NOT, tha's only for the rich and greedy--this is a free park has been for yeats, leave it alone It would take up too much space on the Lakeshore, including parking. It would block the view of the lake from others enjoying the park Not within current park limits. Lakeside west may work There is enough businesses that offer these services do not need one in the city part Unless you announce ahead of time the location, no way would I agree to this there are plenty already within a few mins of the park The park is doing just fine, we do not need destractions or tearing up a area for a restaurant or coffee shop. The park has it's own beauty and is well keeped. very clean you tried that with the boat and that didnt work out so wel Pack a picnic basket, that's what parks are for, not a restaurant. I don't want to change the tranquiltiy of the park Sunset Shores, Schmittys, Jim and LInda's and Wendts are all available There's already places like this in FDL County NO!! there are many good restaurants very close, why would you want to take any of the space for yet another restaurant are you trying to take away from the beautiful lakefront? Bars and food are close enough. Leave the park alone Fondy has enough restaurants already. That's all we have Not at all Why do you need a resaurant in a Park??????

Restaurants and bars are a dime a dozen. Don't ruin the unique destination of Lakeside Park with commercial entities

keep the park a part without any businesses. people go to the park to escape businesses

Nope....not needed. We also have enough restaurants on the lake. If people want that they can drive to a lake. Picnics for families are what are important in a park. NOT money making bars....crazy. Terrible to even consider taking a beautiful park and turning it into an area for drinking. So NOT cool. Really. We already have way tooooo many bars in this town ABSOLUTELY NOT!!!

Highly Disagree Responses Continued

I'd rather see the nature...not the commercialism! not the purpose of a park. many nearby restaurants This is already attainable at many other lakefront restaurants Absolutely NO. A park is a BYO place to gc I strongly do not want a restaurant and it's parking lot taking up any of our beautiful park. Small concessions that already exist, but no new restaurants This is a park, not a restaurant. This would not be something I would enjoy. There are plenty of lakeside restaurants around don't want to see park cluttered up with businesses will take away beauty of it Dinner cruises were awesome

The park gets congested enough in the summertime and parking is hard to find. I think just having hamburgers, brats, sandwiches, are more like picnic foods which is what Lakeside Park is all about. This could cause more traffic in the park making animals leave NO!

no, not at all, it is a park, let's keep it a park

never the already have the yacht club that are pricks never would be ruin the park

There are other privately owned restaurants where this is available.

People can go to other locations around the lake to sit and east. I do not want a large commercial development in Lakeside Park A snack while enjoying the park is great but to change the essence of the park is unnecessary I don't want to privatize Lakeside Park.

A park is not a place for a restaurant

7. Alcoholic beverages should be available for sale in Lakeside Park. - Responses

Strongly Agree Responses with restrictions on hours so it doesn't become a late night hang out At the restaurant THIS WOULD BE GREAT! A TIKI BAR ON THE WATER!!!! Area liquor laws and licenses should apply To be consumed in a given area This state already has way too many drunken drivers we don't need any in the park!! Only during special events People buy them and bring them in, why shouldn't the park profit from selling them Full service restaurant Why not????? Take an look at Milwaukee city park beer garden.....fantastic Make it a boating and snowmobile destination Craft beers and wine

Agree Responses

not sure what additional issues this may cause.... Weekend for special events only With restrictions. limited w/restrictions with limits of where they can be consumed like a seasonal beer garden or restaurant I can see offering beer at the sports facilities Then again, you have "extra costs" of bartender, license, underage buying, etc In a secured area. they are for festivals It's nice for special events, but I can bring my own for private gatherings. Only during special events like Walleye Weekend, etc. Within a bar/restaurant setting In a confined area beer and wine would be nice Only during special events Only if via a restaurant or beer garden type venue - not for casual consumption With a cut off sell time of 7:00pm or so.

Neutral Responses Kind of inbetween with this question. We have enough Bars in FDL for alcoholic beverages Only in special areas or special event- maybe by the baseball diamond only Non-drinker, so doesn't really apply to me I like it when it is available for Walleye Weekend or if there is a Festival only in a beer garden type setting can this work well, I think As it is now. For events. Festivals / Fireworks maybe Only for festivals and baseball games at night I am a non drinker, but would not want alcohol to interfere with family fun In a consesion stand Events only, not year round. During adult events, in a restaurant if built only during scheduled events Itr is available on baseball island during games just for festivals Only in certain areas and it has to stay there Only at certain events. Not kids sporting events! People can bring their own beverages. Hard to police sales of alcohol, could cause problems in such a large area I think only if it is for sale in a restaurant, not in a concession stand For baseball games or festivals only Preferably within restaurant setting so as not to interfere with playground activities Only at the ball diamonds or at festivals With special events or restaurant /beer garden. Not to just sell while walking around Could cause more rowdiness-possible only for events Really depends on where and how this is available Only if done IN a restaurant, no carryout I think only if there is a an actual bar/restaurant and designated area to purchase and consume them I don't see why it would be a big dea Again if this is going to happen I think it needs to be higher caliber of beer sold so it is not become a place for young people to drink and get rowd Special events ONLY If in an adult only beer garden type area Only for festivals Make sure that anyone that is not of legal drinking age or that appears to be intoxicated is not served At events Should really be kept as a family friendly place - maybe only alcohol with events Would need to consider the pros/cons - what is target market? Families Only in a controlled area such as a tiki bar on the beach or a restaurant

Disagree Responses OK at baseball concession & walleye weekend except in a restaurant People bring in their own now; having them for sale almost implies approval/encouragement of the "alcohol culture" - runs counter to family fun image only at special events Except for special activities people should be able to bring in alcoholic beverages but not buy them there may become abused special events, restaurant, etc Just outside the park is CLOSE ENOUGH. Only during special events. Not really due to alot of families out there and obnoxious drunks During walleye weekend etc. not daily plan on increasing funds for policing Only during festivals Alcohol should only be consumed in specific areas ie: in the restaurant or beer garden. Not at concessions beer only, maybe wine coolers only during festivals except for civic activities like Walleye Weekend where they can be regulated. Under normal circumstances let's keep it family friendly only special events exception for major festivals baseball games yes, I do not believe it should be sold at other times Strongly Disagree Responses definitely not on a daily basis, would only be asking for additional problems bring your own not safe no. no no alcohol, except pavillion rentals and special events No No No cause police problems with drunks. parking problems There are currently laws against this. Thinking of changing it now? I think not this is a family park. we don't need a bunch of drunks The park does not need more than is available on Baseball Island No! No way in China: again understand this is areen space meant to serve families and individual's who do not need another reason or place to get drunk and interrupt others attempting to enjoy our wonderful green space at the park Not at all I would not support a park, in any way, where alcohol is available to many walkers and would be out of line due to family and children around. not to mention water and drunks down't bode wel we have enough bars in fdl let the park be a park. safe for familes and kids with worrying about trouble Drunk people running around the park will ruining the park's family atmosphere Here comes trouble Why don't we get drunk and (comment removed). Are you NUTS???? NOT necessary. This is not family friendly and may actually deter me from bringing my family to enjoy the park always problems Stupidest idea I've hear of in a while. You would be looking at unsavory behavior, litter and a general demise of family atmosphere only during special events that will bring another set of concerns of policing the park enough with the beer A public park should encourage family and physical activity, and drinking is contradicts the purpose of a public park Daily drinking is not needed at the park. Keep it for "families" to enjoy You must want fights daily Only near the ball diamonds or for special events like Walleve Weekend to much trash in the park again, just what we need, another place that serves alcoho This would change the safely in the park. It would become a desirable place for the bored people to waste time in and get antsy. And when bored, drunk people, are sitting in a park...they are looking at people thinking dumb things that drunk people think about. I don't even want to think about it. Only during events and festables, where there is Police present. only for festivals no, because who will control and encourages people to drive Should only be available during special events and festivals Stop it with the damn alcohol just to make a buck. Plenty other places to do that without ruining Family setting. Little control over minors. No, absolutely not. The park is a family place. Alcohol will ruin it and make a mess People should plan ahead and bring their own only available for festival type activities see #14 except at ball diamonds Depends on situation; event, yes, otherwise no. Would not appropriate in creating a family atmosphere NO This is a family park, not a resort Again would hate seeing drunks Alcohol is fine for responsible adults. However the not so responsible adults or fake IDs for teens can pose a problem in that peaceful environment Absolutely not. The park should remain family orientated. We need to get away from the alcohol culture Having alcohol available for sale in the park would make it less family friendly this is gettig out of hand--what part of park don;t you understand? Only for special events. The city should not promote alcohol use. NO, there is already to much drinking happening now Alcohlic beverages would possible cause issues we do not need to have Would prefer not - don't need the problems that come with it or the riff raff that comes with it Lakeside Park is for families, do we really need alcohol everywhere families go. What are we saying to our kids? I can't go anywhere with you unless I can have a drink. Really It should remain a family atmosphere without the fear of being around people that have been excessively drinking With the exception of special events/festivals when there is an event it is available. any other time will cause more problems for not only families but the polic Dont need a bunch of drunks driving around/around the kids etc there are enough after dark issues with the park we dont need to add alcohol. Limited special use permits are already being done. Who will accept liability for accidents or injury NO For events yes, otherwise no This is NOT a tavern this is a PARK It is not essential to have alcohol available in every corner of Fond du lac. People who want/need to consume alcoholic beverages can do that almost everywhere. Why not be unique and creative and focus on creating an environment that draws people in without it? If Fond du Lac truly is a great place to raise a family, and drawing other families is a goal (either may or may not be the case), then alcohol is not Not unless it's in a bar/restaurant setting

Absolutely no place in family atmosphere. The alcohol at Walleye Weekend creates problems.

Strongly Disagree Responses Continued

ABSOLUTELY NOT!!!! NOT IN A PARK. Concern about loosing a family friendly enviroment. Absolutely NO thats asking for to many problems Its a park, lets keep it inclusive of all ages. NO- not unless special event Not a bar, only if attached to restraunt Enough already with needing to drink everywhere. There are a gross amount of bars in the area already We have enough alcohol in this city Only at special events There is no option for a Zero

8. I want to rent boats/bikes/kayaks when visiting Lakeside Park. - Responses

Great idea.	
Please make this available! this is already in tact at the park and we don't need more of this	
5 - love the idea about kayaks - i live too close to rent a bike	
For cheap responsible for bigger families	
bikes	
Yes, but clean up the lagoon (move sewer pumping station)	
very nice idea	
Nice to have	cince not all renters know the rules of the water
I own a boat and I know friends and family that would like that option. Again safety first At an affordable price	, Since not an remeis KNUW life fulles of life Walter
This was fun to do before the rivers filled up with silt	
Great family activity	
rental of pontoon	
that would help the visitors enjoy the beautiful park like I do	
Definitely. Give people the opportunity to enjoy the lake more and add some physical e	
This should be much more readily available for people who don't own boats but still way yes!!! this is missing from fond du lac	nt to utilize the laki
awesome! Look at Sturgeon Bay how they make it easy to rent kayaks and walk them of	over on a little wheeled thing
This WOULD make sense	
That would be a great idea! People could rent bikes and maybe ride on the trail that is i	n the park; then maybe ride around the cit
A no brainer	
Definitely - take advantage of the water! The ones available at Elkhart Lake are always	rented - esp paddleboards
Agree Responses	
Sounds good!	
not for myself but great for families. keep it small and local	
to rent a bike for a few hours or less would be nice	
Not bikes for rent That would be very nice.	
Would be nice to have this service on weekends.	
That would be nice	
Family members would like this	
This is a very family friendly activity. We have had out of town relatives rent bikes	
my family would visit more often. we have a yard. looking for different things to do local	iy
This would be great for familyies to do and spend time together	
we have kayaks already, what we would like are better launch areas Rental of jet skis and boats would be nice.	
	s in collaboration with Schmitty's, Near Sunset, or a business already established in that area
These should be available.	
Great for families!!	
This would be a great draw	
for a fair price	
Have done that. It's fun! One location only	
This would be very nice for visitors, or families without access to these otherwise.	
Have in the past- my kids loved it	
Use to beable to rent things at one time	
Have my own but would bring friends who may need.	
may be nice for tourists, keep it natural.	
it would be nice to rent a pontoon This would be a nice option, the bikes especially	
Activities would be awesome	
That would be nice	
If the cost was reasonable.	
fishing boats would be a plus! Its been successful in other communities	
Yesemphasize the healthy aspects	
would give it a try	

there is enough of that there now! what you have at the park now is enough if there is a need its been tried Kayaks would be nice. I may not rent any of the above, but I think it is a great idea for tourism Sounds like good (non-drinking) enjoyment! No personally. Have my own boat and kayaks. could be fun if resonably priced for families Maybe when my kids are older This is a proper use of park space. I would not use- I am disabled but believe many families would. I would rent one for my kids and grandkid: we have that Someone might like this, but would totally be wasted on me I do belive that there was a place like this in the park and it did not do very good It could be a draw for visitors A City Bike rack would be nice in the park and a another location along the Loop We have our own. that would be cool

Disagree Responses Consessionaire has canoes, paddle boats available. We have our own. We have our own boat and live locally, so we bring all our recreational items with us This is something that I do not do but I do think it is nice to have if enough people use the equipmen Too old for that stuff.

Strongly Disagree Responses would bring own I'll bring my own! available nearby. there's enough boat traffic already build a bigger boat launch in the harbo

Strongly Agree Responses Sometimes

Some more parking areas, gathering spots, like the shelter. We need more parking. They have moved Taste of FDL to the park and I have no idea where people will park compared to being at the fairgrounds Even during the weekends where there is not festival, parking is limitec To many teens "hanging out" there causing problems for Parkin and not wanting my children around them due to swearing and bad use of playground: and my boat By the baseball diamonds parking is terrible when there is a tournament and you have a gathering at the shelters there Only during events usually Too much baseball taking parking spaces Not on a typical day, but during festivals and events this is difficult During Festivals - yes Depends on how busy We regularly bike to the park with the kids and the lack of bike racks is very annoying I only have trouble during special events Agree Responses problem in summertime but don't see a solution without destroying more park with parking lo during large events parking is hard to find at times At times I do have trouble parking. Only during big events like Walleye weekend Yes, some dedicated or senior parking would be nice. I don't attend many festivals because of parking/mobility issues Not always, but have on several occasions Depending on events But more parking would take away green space. when using the indoor building Depends on the day, but weekends and certain times of the day can be difficult, especially in the summer Mostly for the large events. Normally this is not a problem on non event weekends dring special events Parking is good by ball diamonds, not sure where you could add parking else where mostly just during special events At times, usually during big events (Race the Lake) or while watching the holiday light show, it has been hard to find parking sometimes Handicapped spots are very limited especially with events taking place Only at some times Depends on events taking place At times depends on where in park & activities occurring When it is busy, especially for walleye weekend, parking is a nightmare During park wide events only during events Depending on the day depends on the season, what events are going on. but I wouldnt change the parking at al Need a few handicaped spaces. Not too bad now but would be a problem if increase Activites

only when festivals are there! only during the big events of course it depends when you go. dumb question Not so much a problem finding parking... just that a lot of it is far away from areas of activity or that I want to be at sometimes Only during tournaments and festivals. The shuttles help Only at special events It depends -- it is more difficult during special events, e.g. Walleye Weekend, Christmas program/lights Only once in a while ... most times no problem We live nearby and usually walk live on the lake very close to the Park - can walk there. It depends when you are visiting. Just during festivals. I can see on busy event days, possibly another parking section soemwhere in the park might be usefu i have a hard only during special events only during Walleye Weekend Sometimes during events. Depend on what is all happening at the park. Sometimes never, sometimes drive around a bit for a spot Especially at festivals maybe more parking spaces On occasion (Walleye Weekend) but not normally. usually walk but others seem to have problems Only at the biggest festivals. For God's sake, don't put in parking, unless you put a small lot behind the Children's Museum...if that land is not being used by anyone else, eve usually not a problem unless a festival Only on the 4th of July and during Walleye Weekend It's very busy when there are events going on. only during high use times. I personally would like additional handicap areas to parl Usually during special events. Neutral because parking is okay sometimes Sometimes at "events" parking is a problem. some times during peek times but that I can deal with part of other people enjoying the part only if big events are going on Sometimes Sometimes Sometimes, I need a handicapped parking space. depends on the day Not really some times only during large events such as walleye weekend, otherwise there is no problem with parking Only when its an event that draws a very large crowd Sometimes it can be a problem if there is an event (wedding) Not really an issue Only on 4th of July. Only during certain times, and the large groups that gather near the lighthouse in the evening make me feel uncomfortable sometimes it can be a problem, depending on what's going on in the park that day **Disagree Responses**

normally not, just drive around and find one. if a restaurant is opened on site, it will definitely be a problem Except during Walleye Weekend we usually bike Big Hole boat launch needs to be expanded for 4 boats With the exception of major events like Walleve Weekenc only find it a problem sometimes I don't have a problem finding parking except during Walley Weekenc Hard for seniors attending events in pavilion. only during Walleye weekend which is to be expected special big events then I AGREE Turning it into a huge parking lot would take away from it's beauty I may have walk alittle farther during magor events but I still can find parking For the most part I can find adequate paking spaces Only during busy festival days sometimes only on 4th of july! There seems to be pleanty available parking within a reasonable walking distance not usually handicapped parking very limited only during Walleye Weekend, so we use the shuttle Only during special events. only sometimes only during walleye weekend Usually bicycle there so do not have a problem I ride a bike. I live within walking distance and walk to the park

Strongly Disagree Responses easy parking

sometimes during events but with buses from the high school, it works anyone who does possibly can be someone who is very forgetful; all you have to do is remember what area you were by. This is what I call a non-issue I have no vehicle and there is no public transportation into the park See above comment. More parking lots???? Let's cut some trees down. I walk- i never have a prob- i dont want to see the park turned into a parking lot i like the green space only at certain events it is aslight concern tHERE IS PLENTY OF PARKING I walk so I'm fine. I've never had problems finding a spot to park. can always find a parking spot during special events can always park somewhere convient Possibly at large events -- i.e. Walley Weekend. Parking is always a issue, but walking in the park is o.k. once you find a place to park, which is not that hard I don't normally drive but it could be a problem with special events Not unless it is Walleye Weekend. The last thing the park needs is a big asphalt parking lot Live close; we walk. don't take more parkland to park cars. people can park nearby and walk. that's the point of a park. does everything have to be right where you park? only during special events Ample parking if you don't mind the walk The only time parking is difficult to find is during festivals such as Walleye Weekend. Otherwise there is ample parking in the near by area

NEVER HAVE A PROBLEM. WE PARK RIGHT ON THE ROAD AND I CAN GET MY MOTHER OUT WITH HER WHEELCHAIR WITH NO PROBLEMS

Strongly Agree Responses More handicap, off road parking

an area for kids with disabilities is needed

I have friends who use the park on a regular basis, who have children with disabilities. Summer months are the few months they can enjoy these times as much as possible

I'm in a wheelchair and cannot use the swing set . and minima

accessible

I bring a disabled child to the park a minimum of 1x/year and never have a problem

see #18; bathrooms are fine we need more bathrooms closer to the rides and picnic area

Would be nice to have a place where wheel chair child can play. There has to be grants out there for this

Wheelchair acess

we need to have a special needs playground like Oshkosh that wheel chair can go or

Rest stops. Places to sit.

Agree Responses

I agree, but what do you mean by more accessible. Do we not have that now? Is it more activities you are talking about

Especially parking

I wish the carousel and train were accessible; walking through the park is fine though. A splash pad or cooling station of some kind would be wonderfu

Depending on events Perhaps more paved paths for easy maneuvering w/wheel chairs/walkers

there could be more disability access parking

Bathroom situation bad for able-bodied, hate to think about what disabled people do-forget visiting probably Playground equipment is accessible, but not with the tire mulch

Neutral Responses haven't studied it I have not paid attention not sure. but thinka all sidewalk entrances should be and are An aging population probably could use grab rails in existing facilities The Park does a good job with this and I don't see anything that may need fixing as I am handicapped too. Maybe some Handicapped parking space 3 i dont know Not Sure I don't see any issues. haven't noticed a problem Since this is nonapplicable to us, I cannot comment. Could a bus/van be available certain days near where the old Pick n Save store was? do not know. Can't say I've had to think of the park from this perspective so at the moment I can't provide a good answer There are limits to how accessible a park can be depending on what it is meant for I don't know. N/A You can only do so much for handicap accesability. have not had any problems with this and my husband is disablec We pushed out kids with strollers all over and thought it was fine Maybe the rides & the lighthouse, but for the most part you can get anywhere I think it is pretty accessible to all. I really don't know. I really think it is accessible right now. Since I do not have a disability. I am not aware one way or another One side of the street has a sidewalk and one side does not, making it difficult to push a stroller through the park without crossing the street I am not disabled and neither are family/friends -- don't know Unknown to me Do no have disabilities Do a pretty good job n/a

I do not have a disability nor do I really know people with a disability

Disagree Responses

I feel between the parking, paths, etc... that it is very accessible for special needs
The bathrooms are accessible as are the new fishing platforms
I'm able bodied.
Not sure
I think it is fine just the way it is. From my view at least.
It is quite accessible. The new playground areas are awesome.
Everything seems nice and flat to me. If there are issues, though, they should be handled. More curb dips?
I'we been to the park several times with people with disabilities they enjoyed our park.
Some areas are very difficult for those in a wheelchair or in need of a walker. Some of the brick paths are way too uneven and dangerous
I'm handicapped and I find no problems
I and others have very little problems
have some experience here and believe it to be adequate for the handicapped to enjoy.
Have disabilities don't have too much trouble getting arounc
my daughter is disabled and uses a wheelchair and walker. we have no problem with the accessibility of the parl
Fond du Lac has done a great job of making the curbs and buildings accessible. Love the kids playground. Would be nice to have a wheelchair swing toc
Strongly Disagree Responses
have not witnessed this
(comment to motion)

(comment removed) Its easy to get around , with added fishing platforms You're kidding right? ??????????? Stinky point re-do was a joke, my wife is disabled and you can't fish from the handi-cap spots with all them rocks in the wate NOt sure if restrooms are handicap accessible We can get around in our chairs just fine. its very well laid out an helpful 11. There are a sufficient number of public baby changing stations or restrooms for families with small children in Lakeside Park. - Responses

Disagree Reponses there is never enough restrooms Are there any? Where are they? Are there any? Where? When my children were small, the bathrooms were always locked and I had to change babies on a blanket on the ground don't really know Bathrooms need improvements for me to use them with my children. Clean them please Not sure The restrooms seem far away from the playground We could use cleaner bathrooms. Sometimes these are very dirty. Maybe there are enough facilities, but I hesitate to use them because they are usually filthy When it applied, I would often change diapers in the middle of the park on the grass because there really wasn't anything for babies (and there are many families that resort to this). Although there are adequate restrooms available in certain areas, there aren't enough in the areas that see the most traffic on a regular basis (playground/rides/zoo). no bathrooms open in winter months. Not sure high sinks Modern clean restrooms There could definitely be more restroms throughout the park there are limited baby changing tables. Often had to change on the floor which is usually dirty and damp So, so. Nothing is open when we go there early spring or fall to play. Have had to have boys pee outdoors. Another closer to the rides/playground would be great. Bathrooms aren't kept up that great. We don't need MORE. Just updates or good cleanings for the ones we have. Well stocked toilet paper and soap are a MUST lighthouse area could use something Could probably use another bathroom near the rides. Strongly Disagree Responses too few restrooms. need small restrooms on peripheries more bathrooms need to be available and need to be open during the day in the winte bathrooms should open all year long Bathrooms should be open all year round for people who use the park to exercise I don't think there are enough restrooms, they are pretty dumpy the ones I have been in We could use a bathroom by the playground area We change our grandkids in the car or on a picnic table I dont think there r any with changing stations for babies Need one by the Lighthouse Not clean and disgusting There needs to be more and those could be open year round. People do use the park on weeknds in the winter and it is not inviting when the bathroom doors are all locked on Saturday and Sunday Clean Not enough and they are not cleaned nearly enough. My son is disabled and 9 there are no changing rooms for a child that big Not enough They always seem closed. I don't have kids, don't pay attention to this. NO!! More restrooms would be a terrific use of park space. There are few changing stations and the bathrooms are often dirty/missing toilet paper. I would prefer a cleaner environment to use they are not open year round. no way we are brining kids when the bathrooms are closed Restrooms are fine but I don't know of any baby changing stations. There are no baby changing stations and the restrooms are kind of disgusting I haven't seen one in the men's bathroom and I'be been living here for years Restrooms are not clean and run out of supplies. I go to area businesses to use their restrooms As a mother, I would like it if more were available More needed No family restrooms, and lot of times changing tables are damaged or nasty None open year round, 24/7 The restrooms are terrible, no soap, hot water, TP. Not enough in convenient areas No - there aren't - more needed it would be nice to have a separate bathroom for families with small children There is no where to change your kids at Lakeside Park, it sucks

It would be nice to have a large bathroom area over in the playground area as 4 just isn't sufficient highly inadequate

12. There are a sufficient number of public restrooms in Lakeside Park. - Reponses

Could be cleaner On walks I have found the current restrooms are not always open

Disagree Responses

could use a few more there is never enough restrooms As children grew to toddlers, we had to use a tree a few times due to the restrooms being locked (especially by the harbor The existing restrooms need to be renovated. From bridge east only baseball island east to harbor and light house A set by the lighthouse would be nice. I don't think there are any on the East end. play area could use one on the opposite side by employee buildings There are never enough restrooms for woman and we always have to wait, so more closely together would be great. Moms are the ones running with the kids and hoping to get there in time Could use another set or some more portables. Although there are adequate restrooms available in certain areas, there aren't enough in the areas that see the most traffic on a regular basis (playground/rides/zoo) not always open There is never enough womens restrooms Could use one by the rides too spread out . Modern clean Should be a couple more in spots There could definitely be more restroms throughout the park Could use an additional rest room by the boat launch Would like additional near boat docks 24/7 Could use a few more bathrooms The distance for newly potty trained kids can be a problem. lighthouse area could use something could be a couple more, especially for the larger events. And waht is there is of poor quality Could probably use another bathroom near the rides. We need more Lady's rooms! There are enough bathrooms for the most part but they need to not be locked all the time. The furthest one west, across from the train always seems to be locked

Strongly Disagree Reponses

not enough too few restrooms open during the day in winter It would be nice to have more bathrooms in the park closer together and open all year around Not many that I know of. We could use a bathroom by the playground area Need one by the Lighthouse No, not enough and not well located. see comment from above 3 ladies stalls by the playground is not sufficient Clean

The bathrooms at the softball diamonds are disgusting! We can find money to put up new fences, but nothing for better bathrooms? I realize men don't care, but the bathrooms need to be updated! They are not always available/open. NO!! More restrooms would be a terrific use of park space.

There should be more, especially by lighthouse for fishermen.

They are all scattered and far

they are not open year round. no way we are brining kids when the bathrooms are closec If there were one inbetween the lighthouse and the beginning of the park it would be perfectly fine

Restrooms are not clean and run out of supplies. I go to area businesses to use their restrooms

During special events, more women's restrooms are needed. More needed

More needed see above comment

the ones now are deplorable. They are not open all year no 13. The current Pavilion (next to the bandstand) is a great space to rent for special events. - Reponses

don't use - causes parking and crowd problems. party participants take over that part of the park Think so It should be available earlier in the morning Its a great space, however it could use some updating. It might be rented more often if it was I'm not sure. .. is it heated pretty good in the winter? It needs updating Could use some interior renovations could be bigger NA I have been to events there. It was cold inside. It could be improved and more entertainment for people under 50 need more like that..very hard to rent always unavailable could be updated It needs air conditioning! needs air con Very dated. Rented several times, but wish kitchen and bathrooms were better kept. Unsure Could use some renovating Great - no. Fine - yes. It is nice to have, but it doesn't have air and it is outdated and dark needs updating could use updates its ok but not great Needs improvements Could use some updates. Needs work desperately good, not great, could be updated Needs updating. Perhaps a 2nd Pavilion would be nice if space allows Nice, but difficult to book...used a lot. this is a good space but could use some sprucing up. It would be nice if it were updated and brighter No basis for evaluation Define great. It could stand some improvements Never have rented it. Updates needed the pavillion can be renovated - making it larger, updated and allowing more guests - the park can rent out for wedding receptions and other functions - a good source of revenue for the part it nice but no AC in the summer It's a great space, but is very outdated and unattractive. Nothing too exciting **Disagree Responses** My family frequently rents this hall for parties. I find it uncomfortable as there is no place to really sit down and socialize other than folding chairs

The location is great, but it is in need of renovation-especially the restrooms Air conditioning would be nice needs to be updated and needs some improvements. The space is good but needs updating. Depends on the event. It is not a great space. It needs an update Needs to be upgraded Needs updating it is out dated, could have a second floor with view and balcony access Old, cold, bad bathrooms, not ideal I have rented in the past. The space was very dirty, I had to take a broom to the ceilings and walls to clear out spiders and webs and other dirt/debris. The kitchen is very smal Could be upgraded to reflect the beauty of the park Could be more bright and attractive. it's cold, not warm and friendly or classy adequate but not great, needs updating and smells bac Ugly, cold, utilitarian. It really needs updating and not that appealing especially for out of town visitors

Some improvements could be made.

Highly Disagree There could be more pavilions available if the price is right maybe dont know the price It would be a very nice place to rent if it were updated and had more space Needs to be updated and improve functionality. Outdated needs more warmth It's too old and cold looking, it's not welcoming It's kind of a dump outdated boring n needs more reason to rent area old and dirty,

b car show was cancelled, wasn't it?	
5	
/es	
ighly agree	
tighty Agree Reponses totally agree. We love festivals. Would like to see 2 or 3 more each year	
believe that we shold utilize the park as much as possible especially with more festivals to gain interest of non-residents to attend and increase revenu	
This generates income for all of Fond du Lac	
s it possible to have more concerts out there? I know Oshkosh has a series of summer concerts. They don't all have to be rock. We have the beautiful bandstand that is highly under used res, this is what fond du lac has been waiting for	
(ES. If you have money to spend, Let's put another festival or four on in town. I love the Art on the island	
The more people we can bring to FDL, the more that stop in town for food or fill their car up with gas, or check out a shop they've never visited before + Fond du Lac needs events which draw from the UP of MI down to Milwaukee	
usic festival's	
More quality concerts/performance arts would bring guests from outside the city. A nice venue for this would greatly increase tourism/visitors to the city of Fond du Lac	
Absolutely. We have a 400 acre park. Beautiful. It is under-utilized. You need to have events for the community/public. However, FDL is really behind the 8-ball on this. Now you will need to b o differentiate yourself from the other communities that do this and do it well.	e creativ
Concernate yoursemant of a would bring revenue to the city	
es, attract tourists. Help stimulate the economy.	
Vhy isn't the Farmers Market held here? /hy isn't the farmers market there?	
would enjoy more bands similar to what they do in oshkosh at waterfes	
bsolutely!!! We have one of the best parks in the country. We need to have tons more events!!!	
/e need more things to do in FDL ontest, kite flying, Form a committee for this only.	
lore music in the park is needed	
estivals are fun.	
hild friendly scavenger hunt would be fun summer concert series like Waterfest in Oshkosh would be awesome!	
aste of fdl	
would love to have the art walk in the park in the summers or move the farmer's market to the island once in a while	
There are good facilities in place that could be utilized more frequently to add revenue to the local are: we always go to the car shows in the park, wish there were more	
heir isnt much to do in fdl so to have more events come about. it would be nice and an opportunity to be outdoors more	
walleye weekend is very difficult for people that live nearby. It is a big drunk which seems strange since it is promoted as a family festive beneficitely benud be under during under the second s	
absolutely!!! should be used all yr round Fake advantage of your beautiful park!!!	
enjoy events that bring the community together.	
would love to see more activities each month during the Summer especially Nell of course! Why isn't our park being utilized and marketed as a great venue for shows, etc.?	
Nike race	
/es take advantage of the water!	
Agree Responses	
i few more new additions would be great	
t is a beautiful park and it would be wonderful to have these types of events showcased it's such a beautiful place nusic events would be great but we do have Buttermilk on Mon and Wed	
tes maybe a few more.	
ut not without more parking	
injoy Art on the Island Dotober festival would be great! crafts and other vendors with fall activities	
omething every other weekend would be nice.	
t is a beautiful park! Inything that brings more people to the park is good.	
ar shows	
fall event might be something to consider, the problem is always finding volunteers to market and organize these events and the more you have the more people you nee To NOT book something for every weekend, need some quiet times.	
Do NO i book sometning for every weekena, need some quiet times. Freat opportunity for community spirit	
his is an ideal use for a large park.	
omething around Halloween would be nice In low Act on the lefand Events contered around crafting, choosing, or for kide would have us interacted	
/e love Art on the Island! Events centered around crafting, shopping, or for kids would have us interested seems that we could host more events.	
we had more festivals we could bring more people. But things like tents that go up and come down to use for them not buildings that stay	
would be nice if they offered live music like Oshkosh does in the summer utdoor concerts such as Waterfest in Oshkosh	
utdoor concerts such as Waterlest in Ushkosh ney are alot of work but I believe they would be well attendec	
beneficial to community	
Art fairs	
These events certainly bring people to Fond du Lac, which brings in more revenuε t would be nice to see more kid friendly festivities	
Fondue fest should be downtown	
usic festivals	
Nore concerts, maybe? Yes, it would be great to have the park have a destination event every weekend	
Events that bring in families are always appreciated.	
Especially if they add parking to accomodate the extra visitors	
Aaybe some in spring, fall, and winter? Iow about something like Oshkosh does - weekly or monthly music on the water	
Sister's Bureau could promote our park more?	

Now about sometiming the Ostitusin does - weekly of montally inde-Visitors' Bureau could promote our park more? Could relocate the farmers market to the park. but not all should close the roads to through traffice as does WW

we feel there is a lot park seems to be well used now

Yes

Some of these charge admission. Are there fees they pay?

Keep it simple! Fondy has enough other places for those activities 3 im okay with whats currently offered- i live close so i dont want crazy traffic every weekend

We enjoy the current festivals, but I wouldn't want to see too many festivals as they detract from the natural beauty of the park

have a kids festival. I think that walleye and car shows are geared more towards the adults than the kids I would not want to over schedule the park, so as to make it less accessible just to visit for pleasure

Walleye weekend has become quite seedy. Not sure how to control this. Maybe more emphasis on the fishing and a place for fisherman to stay would be beneficia

NO MORE FISHING TOURMAMENTS

We feel as though the park is utilized quite well. Various events and gatherings are offered throughout the year

We enjoy art in the park Would like to see one at the end of Oct for Halloween for kids

I prefer ART and outdoor athletic events

Taste of FDL is already moving; no more than once a month

If they 'd be as well run as those mentioned I'd love it

not walleye weekend, but art and car shows are great

Perhaps but not the taste. The parking on the island for Seniors and handicap is appalling. We struggle with this every time with Art on the island

Can Fond du Lac support more festivals? No.

The park is a good venue for music events

Disagree Responses

parking and crowd problem

Perfect number. Makes good use of park but still allows it to be accessible More events could be planned for seasons other than summer?

Make the current festivals better

Fond du Lac struggles with the festivals they already have

One is enough. Having more would only make the Park inaccessible to much of the general public during those festivals

There are many softball tournaments that happen at the park that do not get recognized throughout the city. This should be a great opportunity for the community to watch sports at Lakeside It is a beautiful park--would like to see more events

Not really. We have enough.

We still want there to be access on weekends to the general public not looking for a large festival that takes up the whole park! Smaller festivals that take up a portion are fine

Highly Disagree Responses

That takes away from our quiet time in the park. It's a PARK you idiot Too many events prevents locals from enjoying the park

The Park is underutilized for all seasons of the year. There should absolutely be more activities going in at such a large open and inviting space. One fishing tournament is a sad display of the willingness of the community to do other fun things.

we have just enough--the public like to rent the park too and if too many weekends were booked they would not be able to NO

The park should not be a place that is booked continuously by big events. There are enough events booked there now on a regular basis I would rather have the park available for family outings than it always be packed with festivals/people

Its plenty busy

alchol free events, kids dont need to see consumption of beer and booze

15. I feel safe when visiting Lakeside Park. - Responses

Except for speeding cars right after school but i dont know that i would if there was always alchol around now I do, if restaurants and beer gardens come, then not so much I take my dog to the dog park because i feel so much safer than the other dog park. Love how it is a big rectangle space with tons of room. Always cars driving there We have great police in FDL never had a problem. Police patrol is regular and noticeable 40 plus years of going here an I still love it an feel completely safe Fond du Lac has a great Police presence. Agree Responses only during the day more lights in parthways, too dark at night more lights in parthways, too dark at night never had problems Not there at night unless riding through to view lake in a car normally only visit during day time I guess it depends on when you go. Late in the evening the lighthouse circle is a good place for kids. They aren't threatening just loud and acting like kids Depends on the time of day. Later in the day not so much. there will always be a rowdy element along lighthouse row..How can that change? Not as much in the evenings only in daytime during the day Depends on the type of crowd (not too much drinking/disorderly) and time of the day I think the image of the park is compromised in the evening and at night when people are hanging out but it's pretty much impossible to eliminate tha YES! during the day hours. I do, however I am not at the park after dark or alone. During the Day...Not in the evening or at night. For the most part. Not extremely fond of having kids at the park after dark during the warmer weather months. There tends to be groups of teens & young adults that can be intimidating or acting in ways that younger children should not witness. During the day, yes. Less-so at night. Usually. There are always a few crazies out there. Except for the geese that chase me. actually depends on time of day some evenings late could be questionable park should close at certain time like rest of parks Recommend security cameras for deterent most of the time evening hours not so much. YEs, because it isn't crowed or full of bars...no bars please After dark it feels a big sketchy Only during the day. Unless there are dogs in the children's area and people smoking. And sometimes the trash left in the play area is GROSS the police patrol the area and are visible there day or night, during the week or weekends

Except the tent city in the woods near supple's

Usually accessed by car during daytime hours Yes, except the few times when teeenages go by with music blaring and their raucus activity I feel safe in main park not always in Lakeside West I did get attached by a goose once--- seriously! do feel uncomfortable with all the kids in their cars on the side of the road in summer. I know they need a place to go. What about a gathering area. Near Pete's During the day, at night (as always) I lock the doors. Occasionally leary of groups hanging out in the parking lot near the light house Aside from the light show, I avoid this place at night. Too many teenagers Depending on when. During the day, yes. At night, no. sometimes not in the evening when the kids are hanging around Only during the day. Homeless people do hang out in the shelters and at times make it difficult to enjoy the setting summer weekend nights are questionable. not after dark. cant we have a cctv system or private security 24/7? Not at night This depends...there are some questionable individuals that hang-out in this area and loiter. By myself I feel comfortable, but I feel less safe with my childrer Depends largly on the time of day For the most part I feel safe. However, I enjoy parking by the lighthouse and so many teenagers use that area as a meeting place. At times they can be very roudy, dense and use bad language, which I do not appreciate with my children around. I don't feel entirely safe anywhere in the city of FDL anymore Depends on the time of year Don't like all the high school students hanging out in large groups next to the light house during nighttime hour Diversity has brought in Gang Activity all over including the park I have rarely been to Lakeside after dark, but I feel fairly safe during the day. I would not go to the Westside area by myself however I do not feel as safe at night there depending on the cars parked there I'm a big dude so I feel safe anywhere in Fondy not when there are youths loitering around Not at dusk. Too much rowdy teen activity. Leave the one's hanging out alone and go after the speeders Need to crack down on the misfits hanging out by the light house Daytime, yes. depends on time of day depends what time of the year and what time of day **Disagree Responses** There are some questionable characters there at nightfall by the lighthouse usually I Don't go there after Dark Yes during daytime but not at night Depends on the time of day Too many young kids sitting on the sides of the streets during the evening and night hours. Usually near the bandstand add patrols by bike would be good Only when it's light.

Depends on the time of day.

Drug use and other activities have been witnessed by myself and children. Call to the police and nothing they could do, the drug users had moved on Too many loud teens and their annoying vehicles

I don't visit after dark except for the holiday light show

Strongly Disagree Responses

Again to many teens there doing nothing cause people to stay away

Again to many teens there doing houring cause people to say away teenagers speed through the park at night yelling and throwing things. There too many people sitting outside their cars blasting their music. Especially when you want in the evening. Should have signs

teenagers speed through the park yelling and throwing things at night

The teens that hang out by the lighthouse are a nuisance.

when visiting at night I feel unsafe when teens are driving around fast and yelling at people walking by. They are always by the light house parking lot. would like to be able to enjoy the view there but no longer visit at night because of the teens! There is not enough lighting or security for such a big space
